Returning to Europe, time and again

Europe is a place I return to often, and one that has a way of drawing me back. What I think so many of us appreciate is how naturally you settle in – how a morning walk can turn into an hour without noticing, how a well-timed experience brings deeper connection, how each place begins to feel familiar sooner than you expect – and how deeply your European travels stay with you afterward.

Tauck has been exploring Europe for decades – yet when asked, I can't pick a favorite destination. I just know that every time I think about where I'd like to travel next, it's Europe. I still find myself noticing something new each time I visit. It's often the smaller moments, the ones that aren't always obvious at first, that stay with me.

In 2027, A Week In... journeys offer a way to experience Europe within the span of a single week. Our new *A Week In... Champagne & Alsace* immerses in vineyards, wine traditions, Alsatian villages – in one perfect week. You'll also find more Small and Even Smaller Group departures on many journeys – just 15 or 24 guests – making it easier to explore at a more flexible pace and enjoy a more personal experience along the way, often allowing for moments that feel less structured and more naturally part of the day.

On behalf of all of us at Tauck, we look forward to welcoming you to Europe in 2027.

New & reimagined journeys

A Week In... Champagne and Alsace *(p. 74)*

Bordeaux, the Dordogne & Biarritz *(p. 86)*
Recrafted from 14 days to 10, this journey explores three favorite regions with cultural depth. Begin in Bordeaux with wine tastings, château visits, picnics, and a stay in the city center. In the Dordogne, discover villages rich with cliffside fortresses and river landscapes, enjoy a Michelin-starred dinner, an early-opening castle visit, and a private dinner at Lascaux IV – International Centre for Cave Art. Supporting a thriving world

At Tauck, we believe travel has the power to shape a better world – and our goal is to design journeys that have a positive impact. As stewards of the destinations we explore, we craft experiences with intention: strengthening the communities we visit, fostering respectful cultural exchange, preserving local and natural heritage, and minimizing our environmental footprint wherever possible. Every journey is designed to leave a lasting impression on the traveler – and help protect the people and places that make this world extraordinary.

We believe:

Every place has a story worth preserving

We begin with understanding – listening to the stories, traditions, and perspectives that define each place. Through local partnerships and immersive experiences, we support the protection and restoration of cultural landmarks, customs, and natural wonders – so their history, artistry, and identity continue to resonate for generations to come.

Our journeys support the people who call a place home

Wherever we can, we're committed to creating lasting benefits for the communities we visit – not just memories for those passing through – by partnering with small businesses, employing local guides, and supporting programs that create opportunity.

We travel lightly – with purpose, care, and respect

We're committed to responsible travel – creating the maximum impact with the minimum footprint. Smaller group sizes and shared transportation mean less disruption, less pollution, and a gentler effect on the places we explore, ensuring future travelers can experience the beauty of this world, too.

Restoring the beauty of Florence by removing graffiti

Creating art with recycled bottle caps

Learn about our ongoing impact

In celebration of Tauck's 100th year, team members came together in Florence, contributing more than 1,400 hours of volunteer service over two days to support a range of hands-on community initiatives. Efforts included collecting and recycling bottle caps, helping restore neighborhood spaces by removing graffiti, creating art with adults of diverse needs, contributing English-language translations for educational materials with the Museums of Florence, and picking up litter along city streets. Tauck also provided support for the restoration of the historic Madre Terra floor mosaic in the Baptistery of San Giovanni, a treasured Florentine landmark dating back to approximately 1200 AD.

Why Europe with Tauck

It's about where you stay...

From historic castles and country estates to landmark hotels in Europe's great cities, you'll stay in places chosen for their location, setting, and gracious service. Each hotel plays a defining role in the experience – reflecting the culture and character of its surroundings with a sense of place that feels distinctly local.

The time you have to explore...

Tauck journeys are designed to match the time you have and the way you want to travel. Our *A Week In...* journeys pair city and countryside experiences for a week that feels immersive yet unhurried, while longer land journeys allow for deeper exploration with multi-night stays and a more comprehensive look at each region.

...and when you travel

When you go depends on what you want to see. Each season in Europe offers something distinct – spring gardens in bloom, summer's long light, autumn's quiet beauty. Your experiences shift naturally through the year, revealing each destination at its most vivid and memorable.

Isola Bella, Italy

Travel, your way

Travel by land, sea, and river

With signature land journeys to Europe's capital cities and countryside gems, along with award-winning riverboat cruises through the heart of the Old World, small ship adventures that go where the larger ships can't, and family adventures for multigenerational trips, Tauck makes your travel dreams come true in Europe, whichever way you choose to explore.

Go as small as you like

Explore Europe, your way, on our Classic, Small Group, or Even Smaller Group departures. Our classic departures offer the opportunity to meet and travel with a diverse group of guests, while embarking on guided excursions averaging a 15:1 guest-to-guide ratio. We have over 30 journeys with Small Group departures that average 24 guests or less, including Even Smaller Group departures with just 15 Tauck guests. Each promises more flexibility and closer connections in the destinations you explore.

Savings for groups & solos

Whether you travel with a like-minded group or choose to go solo, Tauck has savings designed for you. Book a group of 10 or more and the 11th guest goes free – and you'll find special solo savings marked in **green** on select departures and journeys; call for details.

Choice, activity, and pace

On all of our land journeys, small ship cruises, and river cruises, you'll find built-in opportunities for choice. Every itinerary includes a range of experiences and activities that let you engage with each destination in the way that feels right for you. Some options take you farther afield or into more active terrain, while others offer quieter, more relaxed ways to explore. These options are designed to suit different interests, comfort levels, and travel styles, giving you flexibility to shape select days while still enjoying the ease of a fully guided travel experience.

Because not every traveler approaches a destination in the same way, we've created two simple ratings to help guide your choices. These provide a clear, at-a-glance reference as you plan, making it easy to match your interests with the experience you want.

Along the way, you might choose between an active bicycle ride or a guided walking tour, a scenic train journey or a rewarding hike, or a hands-on cultural experience versus time to relax and explore independently. In some destinations, options may include visiting renowned museums, enjoying the outdoors, or simply taking time to experience a place at your own pace.

Activity level

Each journey includes a scale of 1 to 5 for how much walking, standing, and physical effort is involved daily

LEVEL	LABEL	WHAT TO EXPECT
1	**Light (Tauck Baseline)**	Walking approximately 1–2 miles per day (~2,000–4,000 steps), often on flat or paved surfaces. Includes standing for 30–60 minutes during guided experiences. Guests should be comfortable navigating stairs, cobblestones, and gangways.
2	**Moderate (Some Days)**	On some days, walking extends to 2–3.5 miles (~4,000–7,000 steps), with occasional stairs, hills, or uneven surfaces. Standing periods may last up to 90 minutes, but this level still includes breaks and lower-effort days.
3	**Moderate (Most Days)**	Most days involve walking in the 2–3.5-mile range (~4,000–7,000 steps), with frequent stairs, cobblestones, and standing for 90+ minutes. Activity is consistent across consecutive days, requiring stamina and balance throughout the itinerary.
4	**Active**	Most days require – or offer the option to engage in – longer or more strenuous walking (often 4+ miles or 8,000+ steps), extended standing, or varied terrain such as hills, sand, or cobblestones. Guests should be comfortable crouching to climb into and out of more rugged vehicles or small planes frequently. Some days may also include active excursions like biking, kayaking, horseback riding, or water sports. While less demanding alternatives may be available, the core experience typically involves sustained physical effort and is best suited to guests comfortable with a consistently active pace.
5	**Highly Active**	Strenuous activity is built into the core experience. Expect frequent high-effort excursions and limited opportunity to opt out. Tours at this level often include prolonged time in challenging environments such as altitude or wilderness terrain. Activities may involve hiking, biking, rafting, snowshoeing, kayaking, horseback riding, or snorkeling/swimming, sometimes over consecutive days. Designed for travelers who thrive on adventure and are prepared for a physically demanding itinerary.

Pace of the tour

Journey pace indicates how full your days are, how often you change locations, and the rhythm of your journey

LEVEL	LABEL	WHAT TO EXPECT
1	**Relaxed (Tauck Baseline)**	Two guided experiences on most days, but with a calm rhythm and regular downtime. Includes multi-night hotel stays or continuous nights on a river or ocean cruise. Early starts before 9:00 AM are rare.
2	**Balanced (Typical Tauck Pace)**	A steady daily tempo with 2–3 guided activities. Most days include early departures balanced with rest periods or scenic downtime. Transitions between cities occur every 2–3 days.
3	**Full but Flexible**	Full days with little downtime. Select days may offer opt-out opportunities or lighter alternatives. Ideal for travelers who want to stay engaged, but with some room to pace themselves.
4	**Full & Structured**	Full days with multiple guided activities. Early mornings are common, and participation in most experiences is expected. Includes a mix of one- and two-night stays.
5	**Fast-Paced**	Dense itineraries with long drives, internal flights, and back-to-back excursions. Early mornings are frequent, and several consecutive one-night stays are possible. Designed for immersive, efficient travel with a faster rhythm and minimal rest time.

Experience a Tauck Exclusive taste of Chianti country

Home to rolling landscapes in a tapestry of sunflower fields, lush vineyards, and red-tiled villas, Tuscany is a region for the senses. Its food and wine culture dates back more than 3,000 years, when the Etruscans took advantage of the ideal soil and growing climate in the hills and planted grapes here. Many pedigreed Tuscan wines that we enjoy today – including Chianti – can be traced to the 14th century when monks cultivated vineyards still in use.

Learn more about the Chianti wines they produced and perfected during a Tauck Exclusive visit to the ancient abbey of Badia di Passignano, set on an estate owned by the Antinori winemaking family (now in its 26th generation of vintners). Tour the wine cellar beneath the abbey and enjoy a wine-pairing lunch in the Osteria di Passignano that celebrates traditional Tuscan cuisine with some of the famous wines of the family-owned vineyards, followed by an extra-virgin olive oil tasting, locally made, with the chef.

General Information

Expectations Versus Reality

As a family of travelers, we've learned that every journey starts with a preconceived image of what to expect. Inevitably, this image changes as we experience the real thing. If the actual experience exceeds our expectations, we feel joy. If it falls short, we feel disappointment. For example, hotel accommodations vary significantly around the world in terms of room size, location and service levels. And no matter how hard we try to meet the highest standards, we will all have a favorite and least favorite experience on any trip.

Behind every tour or cruise, there are literally hundreds of people we depend upon to help deliver on your expectations. Should one or two of them fall short, or there is an unexpected change to the itinerary, we hope you will not allow an isolated situation to upset your vacation.

So much of the joy of travel is to experience the unexpected. We hope you share that philosophy.

–The Tauck Family

This brochure is designed to provide you with an honest description of what to expect on your tour or cruise. The Introduction Pages and the General Information (on these pages) are very important for you to understand. This information, in addition to other documents we will provide when you book with us, including our *Travel Terms and Conditions* and *Journey Confirmation*, form the basis of our agreement with you. Before You Book

Before booking your tour or cruise, please be advised that many contain active experiences and may include touring in areas where modern amenities, like US-standard air conditioning, are not available. To access touring locations, you may need to walk considerable distances and stand on uneven terrain like cobblestones. Travelers must be in good health; consult your physician for pre-departure advice.
