STEP OFF A CRUISE AND INTO A GARDEN

Spring was certainly sprung for Cruise World as we watched excitedly and in awe of what Bronwyn Towersey, our Tauranga based BDM and her husband Neil achieved, as one of the feature gardens in the recent Tauranga Garden & Arts Festival. For anyone who knows her, they will be aware that she has two passions – cruising and gardens, and she is a tad obsessed with the latter. The same goes when she travels, she can sniff out a botanical garden like a beagle does a banana in Customs.

In support of spring, the Festival and all things gardens, we have had such fun creating a collection of cruises for those clients who have an interest in gardens. There are many notable gardens around the world and we are pleased to share a small selection of cruise itineraries that while they may not be 'garden themed', they do call in to ports where there are renowned gardens within easy access and often with excursions provided by the cruise line.

Welcome to Cruise Worlds collection of cruises where you can **"Step off a CRUISE and into a GARDEN"**. If you have client with a special interest in gardens and travel – in particular cruising, please do not hesitate to contact us...

Here are our favourite picks..

Yours floriferously,
The Cruise World team
