The Lotus Story

Lotus Cruises proudly adopted the name of this national emblem which like the people of Vietnam and Cambodia faced a challenge of parallels, enduring impossible conditions and long-lasting effects of war, to survive, evolve and flourish in our culture and economy. We proudly share a story of initiative, family unity and growing success with ambition to offer world-class luxury cruises on the Mekong.

Lotus is a family business with more than 20 years' experience in the maritime industry backed by a top team of professional engineers and offer a level of reliability, inclusiveness, luxury and unmatched value on one of the most culturally rich and fascinating rivers of the world. Mme Diep Ngoc Le is at the heart of Lotus Cruises and mother to two Directors of the company. She started her career as a curtain seamstress to the rich families of Saigon with creativity and ambition to preserve the artistic features of colonial Saigon inspiring her to design a unique range of curtains with traditional designs. She often took her children to the beautiful colonial villas in Saigon to show them the rich heritage of her nostalgic designs.

DISCOVER LOTUS CRUISES

As the economy of Vietnam began to flourish, Mme Le and family ventured into real-estate and shipping, creating Binh An Shipping, which 20 years on is still the only private family-owned company in Vietnam that builds and operates our own fleet of luxury river cruisers, tug boats, offshore supporting vessels and ferries throughout Vietnam and Southeast Asia. Mme Le was the leading light in the creation of the interior design, furniture, uniforms and dining room theme of the first river cruise ship, the Mekong Navigator. Mme Le gave the name Lotus to her treasured cruise line, reflecting her appreciation of the lotus spirit.

The terminal buds of the Lotus emerge from muddy waters into a beautiful blossom, then retreat back into the mud for the "rebirth", never forgetting its origin.

The Mekong Navigator is an elegant boutique river ship with 34 tastefully appointed suites, an atmospheric dining room and array of spacious areas to relax including a library and internet lounge, a glorious sun deck and a fitness centre with spa. A voyage on The Mekong Navigator will immerse you in the glamour and romance of a golden era combined with modern comforts and the warmth of gracious service for which this region is so widely known. Every detail on board has been carefully selected with the sophisticated traveller in mind.

While on board, guests stay connected with friends and family through wifi provided in La Bibliotheque. For those who prefer to leave the electronic age behind, the library also offers guests the opportunity to immerse themselves in a wide selection of books from many authors who were enchanted by Indochina.

Le Marché

The casual but elegant Le Marche restaurant offers a gastronomic journey of regional signature dishes as well as a selection of western alternatives with complimentary wine at dinner. Chef creates tribute to the exotic regional flavours and produce of Southeast Asia using locally sourced fruit and vegetables. An indulgent and varied buffet are also served in Le Marche for breakfast and lunch.

Le Salon

Le Salon is the ideal place to meet up with friends to recount another day of adventure or to simply admire the passing scenery while enjoying unrivalled hospitality. Guests can enjoy complimentary local beer and spirits, coffee, tea, and soda or choose from a selection of premium wines or liqueurs available for purchase. Le Salon is also a great venue for live cultural performances in the evening.

Groups and charters

Enjoy an extraordinary voyage on the Mekong river in a glamorous and elegant environment. Our river cruise ships take the best elements from world-class boutique hotels such as sophisticated design, excellent cuisine and top-level service and merge them with carefully tailored authentic cultural experiences. Celebrate a special occasion, inspire your employees on a company team-building retreat or just spend some time exploring new places with a group of friends or family. Charter one of our beautiful ships for an experience of a lifetime in ultimate luxury.

Lotus Cruises stands above the competition for several reasons. We are a family-run business with extensive experience in superior and safe ship building. Authenticity is a word we take seriously from our professional Khmer and Vietnamese team to our dedicated tour guides who are able to create spontaneous excursions and seek out secret cultural gems. Our dedicated group specialists will coordinate with your tour operator to ensure all your needs are met professionally from port to port and beyond.

From the moment of boarding, Lotus offer unrivalled service from a champagne welcome reception to an evening of cultural performances by our talented staff. In addition, we can craft personalised group events or activities to create the ideal atmosphere for your guests. Our booking specialists will help you select the perfect itinerary and accommodations for your group and will take into account special requests such as dietary requirements, flexible schedules and personalised occasions. We care and we share

Sustainable travel is more than just an idea for Lotus Cruises. The company has committed to improving both the guest experience and the environment on each cruise. We have put in place environmentally friendly standards and initiatives that marry luxury with sustainability.

Lotus have implemented sustainable practices in the construction of The Mekong Jewel such as specially designed ship propellers to enhance performance and efficiency, installation of energy efficient LED lighting and automatic water-cooled air conditioning, being more efficient than its air-cooled alternative. With more than 20 years' experience in the maritime industry backed by a top team of professional engineers, Lotus Cruises offer a level of reliability, inclusiveness, luxury and unmatched value on one of the most culturally rich and fascinating rivers of the world.

Eco-friendly Products

Lotus Cruises initiated environmental changes with eco-friendly products, replacing plastic bottles with glass carafes for each room and sourcing more environmentally friendly amenities. In addition, each guest will receive an aluminium bottle for excursions that has been sourced from our partner "Refill Not Landfill". The bottle can be customised and taken home as a Lotus Cruises souvenir. Plastic straws and cocktail swizzle sticks are also no longer in use on the ship. With the high level of plastic pollution globally, this can help reduce plastic consumption and damage to the marine life and livelihoods of the Mekong Delta residents.

Other initiatives include the shift from styrofoam containers for packed lunches to paper boxes and replacing individual plastic packaging in guest bathrooms to ceramic containers.

Local Community Involvement

On all of our cruises, we support local communities in more ways than one. Farm-totable mindset supports the local farmers. All retail items featured in the boutique store are locally sourced to promote indigenous industries. Our talented team are also from Vietnam and Cambodia to provide employment for those who are passionate about sharing authentic stories of their lives along the Mekong. We also support NGOs by inviting them to perform on board and showcase their rich culture. Some tours arranged are to support underprivileged communities. The most recent collaboration we are proud to have undertaken is with Pour Un Sourire D'Enfant (PSE). The organisation started in 1995 to alleviate the plight of street children by providing education and training programs to take them from destitution to a vocation!
