Admiring beautiful landscapes, reconnecting to nature, enjoying good moments, and taking advantage of all the small pleasures of life, getting together far away from the crowds and in complete safety... We have been dreaming about this for months! Now it's time to turn our dream into reality by stepping aboard one of our self-drive Pénichettes® for a unique experience: a holiday on the waterways, cruising through Europe, with a unique motto: "Slow down and have fun!"

Cruising at your own pace along the most beautiful European canals and rivers, you will encounter an unspoiled natural environment that you will want to preserve. Therefore, Locaboat has long been committed to sustainable tourism. We have sponsored the program to replant trees along the Canal du Midi right from the start, and since 2018 we have been developing our Pénichette Evolution® with hybrid engine. In 2021, our base at Corbigny in Burgundy was awarded the Blue Flag in recognition of our responsible and sustainable management. Season after season, we are committed to offer you a fantastic boating holiday, with limited footprint on the environment and positive impact on local communities.

Put your crew together!

With your family

You can go where you like... and without worrying about what to pack! The essentials are already on board and if you like, so is the shopping you've ordered to be delivered to your starting point. What you're looking for now is the green of the countryside where you can really get away from it all. The natural world, activities for all the family and care for the environment are the watchwords for your holiday. What that means is relaxing on deck when the kids are asleep, discovering nature and wildlife in the early morning or going for a brisk walk to stretch your legs: it's exactly what you need.

You'll love

the timeless journey **along the Canal du Nivernais** and its high point, the silent passage through the secret Collancelle tunnels...

With friends

You can put your heads together and invent a new programme for every day, but in the end, your destination is sometimes less important than having a great holiday together and creating new memories! Locaboat offers the perfect formula for this kind of holiday: watch the sunset from the deck while sipping a cocktail, swim in a different place every day, meet new people who are on your wavelength.

You'll love

Fürstenberg or Fleesensee in Germany, to immerse yourself in the endless stretches of water and explore what the area has to offer, but also enjoy the quality of life from the deck.

As a couple

Candlelit dinners on the deck of your Pénichette®, watching gorgeous landscapes as you glide past them, feeling that you're far away from the everyday world and getting to know each other again: it's a perfect formula. With our city break cruise getaways, you can find superb places to visit as you stroll hand in hand, and take it easy between each stopover, just the two of you.

You'll love

the Venice Lagoon, a favourite with romantics and a dazzling spectacle as you arrive at Saint Mark's Square at sunset.

A sole adventurer

No worries - you're going to conquer the world and wake up in a different place each day. For you, travelling is ultimately more than just a leisure activity. You're writing a travel blog, you love finding unique places to photograph, or you just like never doing the same thing twice. Discover some of our legendary cruises; we guarantee you'll find them amazing.

You'll love

Alsace starting at Lutzelbourg for the incredible engineering works along the canal, like the word-famous boat lift, in **Saint-Louis-Arzwiller**.

Happy seniors

We have boats designed with you in mind: great design, practical and above all really comfortable. You'll find everything you need to rest and relax on board, so you can enjoy your outings to explore the local culture, whether it's art, history or gourmet cuisine. There's no limit to the possibilities and all your holiday dreams will come true as you glide along beside the finest vineyards and character villages.

You'll love

the **Canal du Midi**, and the imposing citadel of Carcassonne, contrasting with the friendly little villages of Corbières and Minervois, with their lovely wines.

Prepare your boating holiday

3 You've got to the booking stage?

We can help you on the phone or online so that everything can be finalised quickly. After that, consider booking some of the extra services we offer to simplify your life: bike hire, Wi-Fi, taxis, etc.

What's provided on board:

- ◆ Sheets, towels and tea-towels
- ◆ Fitted kitchen: cooker, sink, fridge
- ◆ Crockery
- ◆ Starter Kit
- ◆ First-aid kit

2 Which boat are you going to pick?

Explore our ranges of boats and Pénichettes®, chosen for their comfort, charm and prestige. Virtual tours on our website will help you to choose, but if you're still not sure, contact us so that we can help you to decide on the most important features, depending on the size of your crew.

4 Ready to board...

We can't say it often enough! With Locaboat you don't need a licence! See you at the departure base where our team will welcome you and give you a two-part introductory course:

1/ A theory tutorial to discuss routes and mooring places, important signage and the operation of locks. We'll also give you some tips about where to stop-off on your cruise.

2/ Practical advice and cruising practice: a tour of the boat with a technician so you can find out where everything is. Then after a few tips for new skippers, it's your turn to learn how to handle the boat.

Don't panic! You'll be amazed at how easy it is.

..... Is this your first time ?

You don't need a licence !

You don't need a licence or any boating experience. Our boats are certified as being suitable for cruising on inland waterways. They have "governed" engines fitted with speed limiters and are very easy to handle, so you'll be able to cruise along safely at a maximum of 8km per hour. When you arrive at the departure base, we'll guide you through the handover in a two-stage tutorial: a bit of theory to help you understand the signage, the types of lock and the mooring places, but also some guidance about your route.

Finally, after we've shown you around the boat and its equipment, there's a practical lesson in handling the boat.

Locks and moorings : Child's play

Whether the lock is automatic or manual, you will often be helped through by the lockkeeper. This can often be a chance to meet other crews and enjoy a chat. And when it comes to mooring, you'll find that it's no more difficult than parallel parking your car.

Canal du Midi

Midi Lauragais
Departure bases : Négra, Bram

**CANAL DU MIDI,
CANAL LATÉRAL À LA GARONNE**

The **Canal du Midi**, with its lateral extension leading to the Garonne, runs for **500 km across southern France**. Passing medieval citadels, Cathar villages, castles and abbeys, the entire length of the canal is a masterpiece thanks to the many engineering structures along the way. The Canal du Midi is **listed as a UNESCO World Heritage Site** and allows you to appreciate the genius of its designer, Pierre-Paul Riquet, while introducing you to three centuries of history.

Our **base at BRAM** is in an ideal spot, just a few kilometres from **Castelnaudary**, famed for its cuisine, especially cassoulet (duck confit with beans). As you cruise towards the Mediterranean, you can easily get to Carcassonne. Magnificently restored by Viollet-le-Duc in the 19th century, **Carcassonne is listed as a UNESCO World Heritage Site**. With its 52 tall towers, Europe's largest fortress proudly looms over the lower town. From its double circle of ramparts the view is breathtaking. Further west, our base in **Négra**, the green canal, fringed with **centuries-old plane trees**, will take you to Toulouse. The town is known as the Pink City because of the colour of its buildings. The Garonne flows through the city, which has features of outstanding historical interest, including the Romanesque Basilica of **Saint-Sernin**, one of its finest treasures. The Basilica was first built in 250 AD as a home for the relics of Saint Saturninus and became one of the most important places of pilgrimage in western Europe during the middle ages. Today it is the largest surviving Romanesque church in Europe.

Midi Minervois
Departure base : Argens Minervois

CANAL DU MIDI, ETANG DE THAU

From Argens, the Canal du Midi meanders through a typically Mediterranean landscape: vineyards, cypresses, pine trees and multi-coloured flowers scent the air against the background of chirping grasshoppers and cicadas. Under the shade of great plane trees, you'll enjoy a rich regional cuisine of succulent dishes and magnificent wines. Before you arrive in **Carcassonne** with its crenelated towers, you will already have got a taste of the South with its large white stone fortified towns, and its medieval villages like the ones at Trèbes or Puichéric. Before you reach the junction for Port la Nouvelle, you will go under **Le Somail bridge**. Narbonne was the biggest Roman city in Gaul. There you can find one of Europe's last five bridges lined with old and still inhabited houses. In the centre of the town, the Palais des Archevêques and Saint-Just cathedral make up an exceptional ensemble. At **Béziers** the **Gothic cathedral of St. Nazaire towers over the hometown of Pierre Paul Riquet**. It is time to go and have a swim in the clear blue waters of the Mediterranean.

Camargue

Camargue Departure base : Lattes

CANAL DU RHÔNE À SÈTE, LEZ, ETANG DE THAU,
PETIT RHÔNE, CANAL DU MIDI

As you leave **Lattes**, following the Canal from the Rhône to Sète, you're heading for **the Petite Camargue**, a wild and beautiful region. Here, you can witness one of the most beautiful sights that the local flora and fauna have to offer: the ballet of the flamingos, herons and bee-eaters is matched only by the sight of semi-wild horses and bulls, grouped together in herds or manades, living here in complete freedom...

Aigues-Mortes, a fortified village founded by Saint-Louis, rises up in all its splendour. You can explore Le Grau du Roi, an authentic Languedoc fishing village, **Saintes-Maries-de-la-Mer**, and **Saint-Gilles** with its superb abbey church.

From Cap d'Agde to the Camargue, just a narrow band of sandbanks separates the Mediterranean from the lagoons and canals you will follow. From Lattes, near Montpellier, you can **enjoy the sea by berthing at Palavas-les-Flots**. On the Bassin de Thau (Thau Lagoon), you follow the channel to reach **Agde**, a town founded by the Greeks.

You then approach the delightful village of **Bouzigues**, famous for its oysters, or Valmagne, whose Cistercian abbey rises up from among the vines.

Locks are open every day except 1st May on the Canal du Midi. Open in Camargue.

Did you know ?

For thousands of years, the Camargue has been a special place for harvesting salt. Salt-workers labour alongside Nature, guiding the movement of seawater to provide salt that is white and close to its natural state. The Aigues-Mortes salt works is famous for the quality of its produce and is central to the Camargue's economic activity.

UPPER LOT

● Setting off from **the base in Cahors** you will encounter a series of extraordinary sites and the lush green meanders of the Lot, along 64 km of river, and pure enjoyment!

● **Cahors, a thousand-year-old city**, with many attractions to explore: its historic centre where medieval **monuments** and neo-classical buildings sit side by side, the famous **Valentré bridge**, restored in 1880 and a **UNESCO World Heritage** site since 1998, its protective city wall or Saint-Etienne Cathedral.

● On the Lot, you will be cruising into the heart of one of the most fascinating and wild regions of France. While travelling along the peaceful waterways, you will come face to face with cliffs and cirques, caves and dolmens, and fall for the charms of the locks that you have to operate yourself, rediscovering the actions and atmosphere of a past era. The timeless old **villages of the Quercy**, the alleyways, the mossy red roofs, **St-Cirq-Lapopie** like an “impossible rose in the night” as André Breton saw it, simply add to the charm of this lovely cruise.

● The Lot is also a **gourmet's delight**. As well as the “black wine” of Cahors, which made the town wealthy during the Middle Ages, foie gras and truffles, you can also indulge in a spot of swimming or some horse-riding.

Burgundy & Nivernais

● **Nivernais**
Departure base : Corbigny

CANAL DU NIVERNAIS

● Originally conceived by Henri IV, the **Canal du Nivernais** was finally built between 1783 and 1842, and boasts some of the most glorious scenery on the French waterways. Connecting the basins of the Seine and the Loire, its two sides are very different from one another: from **Corbigny**, perched on a hill between two arms of the Yonne, towards **Decize**, the descent to the Loire winds through rich meadows grazed by the famous white Charolais cattle. The three arches of the **Colancelle**, the legendary centre of waterways tourism, allow you to cross the Morvan massif and are followed by a surprising **staircase lock**: a row of 16 locks in the town of Sardy-Les-Epiry.

● The **étang de Baye** adjoins the canal, from where you will soon glimpse the tall silhouette of the **Château de Châtillon-en-Bazois**. The latter was rebuilt during the 15th century on the remains of the dungeon and you can still see traces of it in the building today. From Corbigny to Auxerre, the descent to the Seine follows the **valley of the Yonne**, and sometimes its course, through woods and forests of all kinds.

Burgundy - Yonne - Nivernais

Departure base : Joigny

CANAL DE BOURGOGNE, CANAL DU NIVERNAIS, YONNE, SEINE

Draped in the Côte Saint-Jacques vineyards, **Joigny** is rich in heritage and gastronomy. Located at the crossroads of the Yonne river and the **Canal de Bourgogne**, it is the ideal starting point for touring the region. If you choose the Canal de Bourgogne, you will cruise your way through an 18th century engineering marvel. Moor up near the **Saint Florentin** canal bridge and visit the church. The centrepiece of the town, it was listed as an historic monument in 1842. The statuary, sculptures and bas-reliefs have transformed the church into something of a museum for 16th century art; its 24 stained glass windows create an ensemble of lively colours with a rare harmony that blends perfectly with the architecture. Leaving Joigny in the other direction, the meanders of the river Yonne lead you through the 'bocage' landscape of **Puisaye**, with its fields and woodlands, and the **Othe Forest**: its hillsides, scattered with apple orchards, accompany you all the way to **Villeneuve-sur-Yonne** and **Sens**, overlooked by the wonderful Saint-Etienne cathedral, considered to be the most important gothic cathedral in France. Going back up the Yonne, discover **Auxerre** and its famous hillsides, producing Chablis and Auxerrois grape varieties. The **Canal du Nivernais** begins here. The wine villages spread out before you, such as St. Bris or Irancy, huddled between vineyards and cherry orchards.

Loire & Nivernais

Loire & Nivernais

Departure base :
Dompierre sur Besbre

CANAL LATÉRAL À LA LOIRE, CANAL DU NIVERNAIS,
CANAL DE ROANNE À DIGOIN AND CANAL DU CENTRE

Dompierre is a gateway to many discoveries. The banks are dotted with chateaux, abbeys and medieval villages. A magnificent piece of civil engineering, the **Digoin canal bridge** leads to the Canal du Centre, built in the 18th century, then to Paray-le-Monial where you can take a moment to discover the magnificent Romanesque clunisien-style basilica. Dedicated to the Sacré-Cœur since 1875, it gives a complete picture, on a smaller scale, of how Cluny once looked. It was listed as a historic monument in 1846. By following the course of the Canal de **Roanne à Digoin**, a centre of French gastronomy and well-known for its earthenware and ceramics, you can enjoy the magnificent scenery along this canal that never strays too far from the Loire.

Cross the **Brionnais** region, famous for its Romanesque art and a large number of churches with their very characteristic sculptural art. **Charlieu Abbey**, accessible by bike, is an **old Benedictine Abbey** that was associated with Cluny from 932 until the end of the 18th century.

Take the Southern part of the **Canal du Nivernais** and cruise through lovely countryside to the secret heart of the **Morvan** region, or visit **Nevers**, steeped in history. Heritage lovers will be delighted with the choice of places to visit: the Palais Ducal, **Saint-Cyr Sainte-Julitte cathedral** and a variety of churches.

Briare Canal Bridge

Loire & Loing

Departure base : Briare

CANAL DE BRIARE, DU LOING, LATÉRAL À LA LOIRE

The Canal de Briare was built during the reign of Henri IV. The spectacular **locks at Rogny** are no longer in use but well worth visiting. You sail through the wooded **Puisaye** region, dotted with lakes. To the North of the town of Briare, the **Canal du Loing** will lead you to the centre of **Montargis**, where the canal follows waterside streets lined with half-timbered houses. You then travel towards Nemours, its waters well stocked with fish, then **Ferrières**, **Château-Landon** and **Moret-sur-Loing**, which brings you into the heart of the Gâtinais region.

Travelling south from Briare, you cross the Loire over the remarkable **Briare canal bridge**, the work of Gustave Eiffel. The Canal Latéral à la Loire will then take you towards Sancerre and **Apremont-sur-Allier**, with its fine gardens. Created nearly 50 years ago by Gilles de Brissac, the gardens are the jewel in the crown of this medieval village, listed as one of the "most beautiful villages of France". White wines from Sancerre and Pouilly-Fumé take pride of place here - simply delicious accompanied with some goat's cheese, a "bouchon" or "crottin de Chavignol".

Heading south, the Saône, one of the most beautiful rivers in France, will lead you to **Tournus** and its Romanesque abbey. Much of this former Benedictine monastery has been preserved and its abbey church is one of the largest Romanesque monuments in France. You can then cruise along the **Seille to Louhans**, classed as one of “the most beautiful detours in France” and awarded the “site remarquable du goût” label for its gastronomy, you can try the famous Bresse poultry.

On your way Mâcon, take a detour on the small canal that leads you to **Pont de Vaux** in the **Pierres Dorées** district, a real gem with its ochre stone houses. In **Mâcon**, you can explore multicoloured façades, lively pedestrianised streets, great wines and gourmet specialities. Heading south, travel to **Lyon** and enter the town between the hillsides of Fourvière and La Croix-Rousse, with the charming Ile Barbe. Located in the middle of the Saône, its name, taken from Latin, means “wild island” - because it was one of the last places to be occupied. Visit the beautiful Vieux Lyon district, get lost among the “traboules” passageways and have a meal at a typical Bouchon bistro...

CANAL DE LA MEUSE, MEUSE, CANAL DES ARDENNES, CANAL DE L'AINSE À LA MARNE

With ARDENNES NAUTISME, our partner in the Ardennes.

With its **650 km of cruising waterway**, the Champagne Ardennes region offers tremendous diversity and variety for inland navigation. **As you follow the Meuse**, you will encounter its delightfully crazy meanderings that will finally lead you to **Charleville-Mézières**, birthplace of the poet Arthur Rimbaud. The famous Place Ducale is a jewel of Renaissance architecture, whilst the Basilica of Notre-Dame swings between that same style and Flamboyant Gothic. Among the delights of the Basilica of Notre-Dame d'Espérance are the little back streets that surround it. Deeper into the Ardennes, there are delightful towns such as **Fumay and Givet**, known for their sausages. A little northern, you cross the Belgian border and can stop over in the lovely cities of **Dinant or Namur**.

Heading South in the direction of Reims, you take the **Canal des Ardennes**. This canal, 106 km long with 46 locks up to Berry-au-Bac, connects the **Meuse river to the Champagne hillsides**. You will be surrounded by beautiful landscapes all the way, especially in the vicinity of the **Montgon valley** and its 26 automatic locks.

● **Alsace-Lorraine**
Departure base : Lutzembourg

CANAL DE LA MARNE AU RHIN, CANAL DE LA SARRE, MOSELLE, CANAL DES VOSGES

Lutzembourg

● Arriving at the **Lutzembourg base**, you will see its **fortress** and its renowned cut-glass and crystal factories. On all itineraries, you will see houses with flower-covered, corbelled balconies, beautiful churches with onion-shaped steeples, forged-steel gates and railings as you go along. Wherever you stop, you will find food equally special food: sauerkraut and cooked meats as well as mouth-watering pastries made with red fruits, plums and damsons. Cruising westward you will pass through the **boat lift at Saint-Louis Arzwiller**. This impressive feat of engineering looks rather like a bathtub full of water sloping upwards. It does the work of 17 locks. Going westwards you reach **Sarreguemines by following the Canal des Houillères de la Sarre** (Sarre Coalmines Canal) in a wooded setting. Still going westwards, you can also get to Nancy, the natural home of Art Nouveau with its famous glassworks and the Place Stanislas, listed as a UNESCO World Heritage Site.

● As you pass through **Toul**, a town fortified by the military architect Vauban, Lorraine opens up in front of you, with views of the meandering Moselle river with its wonderful landscapes and magnificent heritage. If you leave our base heading eastward, you can visit **Saverne** and the former episcopal château of the Rohan family, built at the end of the 18th century. From there you can reach the very centre of **Strasbourg**, arriving just outside the European Parliament. You can then enjoy the beautiful, well-preserved Petite France quarter.

Germany

● **Müritz & Mecklenburg**
Departure base : Fleesensee

MÜRITZ, PLAUER SEE,
CANAL MÜRITZ-ELDE

● Set off to explore the beauty of Germany's lakes. **Fleesensee**, definitely one of Germany's most beautiful areas, offers a lovely and charming panorama. Not far away **Lake Müritz** is the perfect place for birdwatching: cormorants, cranes and even eagles. If you head towards **Waren**, you will find a lively town and a well-known marina. One of the great things about Germany's lakes is the way that each one leads into several others. You can alternate between walking, swimming, fishing or just lazing around.

● Head westwards towards **Plau**, which overlooks the lake of the same name. In the Karow district, you could visit the brick-built, **neo-classical palace** and the church with its stepped gables, a feature of real architectural interest. The **Müritz-Elde Waterway** that links the River Elbe to Lake Müritz, follows the course of the Elde and its meandering route.

● The **town of Parchim** was built between two arms of the River Elde and is unusual because of its ancient town centre, its ramparts and its half-timbered houses. Many of its buildings, such as the former post office, make this a worthwhile town to visit before going back to cruise the lakes. Complete your stay by exploring **Schwerin and its famous palace**, well worth the journey just by themselves.

Rheinsberg

Müritz & Mecklenburg

Departure base : Fürstenberg

OBERE HAVEL, DIE KLEINE SEENPLATTE, MÜRITZ, PLAUER SEE, CANAL MÜRITZ-ELDE

As you leave **Fürstenberg**, head westwards towards **the great lakes of Mecklenburg**. The first staging post on this inland waterway adventure will be **Rheinsberg** with its rococo palace. It was where Frederick the Great resided in his youth and served as a model for the famous Sans souci in Potsdam.

Heading to **Mirow** you will discover its curious lake houses with their thatched roofs and then Lake Müritz, not forgetting the **delightful town of Röbel**, its streets filled with half-timbered houses. Heading westwards, you'll set a course for **Wesenberg**, memorable for its bridge, totally clad in wood, and then **Neustrelitz and its baroque palace**. Its orangery has today been converted into a concert hall.

On these varied and vast waterways, cruising requires more careful attention than on a canal, but you are well rewarded by being able to drop anchor in the middle of a lake and enjoy **some of the purest water in Europe** and natural surroundings that are wonderfully unspoilt. Do not forget to visit one of the many fish smoke houses for an exquisite speciality that gourmets will love.

Brandenburg & Berlin

Departure base : Fürstenberg

OBERE HAVEL, TEMPLINER & RUPPINER
GEWÄSSER, FINOWKANAL, ODER, SPREE

Berlin

Your first stop heading southwards, **Himmelfort** (which translates as Heaven's Gate) is regarded as the birthplace of Father Christmas. It is also the place for fishing, where you can enjoy **delicious smoked fish**. Afterwards, take a detour via Lychen. The River Woblitz flows through the forest and feeds into the **Großer Lychensee** lake. This is one of the most beautiful routes in the area. The **River Havel** will lead you through a countryside that is peaceful because it is sparsely populated.

You should stop off at Regow. You can visit the organic farm here that offers a goat's cheese to die for. Then get off the beaten track by visiting the charming little town of Templin; within its fortifications, where Germany's Chancellor spent her childhood in sight of its towers.

From **Liebenwalde** to the east, the old Finowkanal (Finow Canal) twists and turns through lovely countryside on its way to a unique structure in Europe, the Niederfinow Boat Lift on the Oder-Havel canal.

If you have a boat license you can head westwards after Liebenwalde, where the lakes of **Neuruppin** are true natural oases, home to sea eagles, beavers

and otters. Altruppin, the former capital, lies in a beautiful natural setting. Neuruppin, the "modern" town, built in the 18th century, bears witness to the spirit of the age of enlightenment that inspired Prussia and left its mark on the region from **Berlin to Potsdam**. On your way towards Berlin you pass the Oder-Havel-canal before cruising through the parliament district, passing the Reichstag and its glass dome, until you reach the **Museums Island**.

Then head towards Kreuzberg and Oranienburg, the working-class districts where you will find the real heart of Berlin. For nature lovers, we recommend a walk along the many lakes with centuries-old forests and luxury villas on their shores.

Holland

- **North & South Holland, Amsterdam**
Departure bases : Loosdrecht,
Alphen aan den Rijn

● **Holland** is familiar and exotic at the same time, but there is one thing the whole world knows: the Dutch had to fight to win back their land from the water, driving back the sea and digging out amazing canals in its character towns. Step on board and explore Holland at the easy pace of the canals: you will discover a fascinating region, known for its tolerance as well as its **passion for rivers and canals**. Holland has been a source of inspiration for some of the greatest artists, including Van Gogh, Vermeer and Rembrandt, and there is a huge range of **museums and galleries** to visit. Along your route, you will uncover local mysteries as you explore the **wonderful canals** and landscaped lakes. And this is the perfect place to enjoy some water sports and outdoor activities, such as fishing or canoeing, stand up paddle boarding, and of course swimming. The colourful scenes you encounter will make your Dutch cruise an experience you will never forget.

- From **Loosdrecht** and its lake, follow the **river Vecht** and tie up in the beautiful city of Utrecht. Stroll along beside the terraces beside the canals, explore hidden away shops in what used to be cellars and discover the authentic brown cafés, turned brown by the town's chimneys.
- Departing from our **marina in Alphen aan den Rijn**, you can easily join the famous city of **Gouda** and its renowned **cheese market**. Do not miss either the visit of the old city of **Leiden**, home of the oldest Dutch University and birthplace of Rembrandt. A few miles away, stop over in Lisse and enjoy the incredible **Keukenhof** tulip garden, the largest in the world.

Venice Lagoon

Departure base : Chioggia

So many unforgettable experiences are on offer in **the Venice Lagoon**. Sleepy villages, historic towns, elegant beaches, such as the Lido, all making up the treasures of the Veneto. Explore **Chioggia**, a superb town, linked to the mainland only by bridges, and with a delightful traditional fish market.

If you follow the channels you will reach **Pellestrina**, a delightful little fishing village, followed by Malamocco and then Venice itself. As you glide along the canals, you can cast an admiring glance at its historical heritage: the campanile in St. Mark's Square, the Basilica, the Doges' Palace and much more. If you head northwards, you will find a whole succession of small, romantic islands: **Murano**, with its craftsmen glassblowers, **Burano** and its lace-makers, **Torcello** with its Byzantine-style Basilica di Santa Maria Assunta. Make a detour to visit the Monastery on the island of San Francisco del Deserto, where seven Franciscan friars, who have taken a vow of poverty, live only on charity. Next, head to **Treviso**, on the **River Sile**, with lovely forests on its banks, or on the River Brenta, whose landscape inspired paintings by Canaletto. The sumptuous **Palladian** villas, most of which can be visited, are a real treat for anyone who loves architecture. As you cruise from **Chioggia to Grado**, you will find the most beautiful beaches of the Adriatic, perfect for a wonderfully relaxing break, away from it all.

Ireland

Ireland

- Departure bases : Carrick-on-Shannon, Banagher

Ireland offers a superb network of inland waterways for those who love nature and historic sites. Our base at **Carrick-on-Shannon** is the ideal starting point for **exploring the Shannon**, Ireland's longest river. It's a long way from any commercial traffic, navigable **for 220 km**, **has only six locks**, and has lakes that are sometimes real inland seas. You'll be bowled over by the beauty of the landscapes bordering the river. If you head northwards, you take the **Upper Shannon** towards **Boyle**, with its delightful little 12th century Cistercian abbey, before reaching Leitrim. Then you enter the **Shannon-Erne Waterway** which meets the Erne to the north, the other great Irish river. The canal, which is 63 km long, has been magnificently restored and takes you through a **dreamlike landscape** dotted with picturesque villages like Ballyconnel and Belturbet. You then enter **Lough Erne**, the country of "five lakes and five hundred islands"!

As you cruise southward, you cross Lough Ree to reach the **lively town of Athlone**, the Celtic site of **Clonmacnoise** and then **Portumna**, with its Renaissance castle. Our **new base at Banagher** in County Offaly is ideally placed to **explore this Lower Shannon area**, including Lough Derg, the largest lake on the Irish waterway system. **Lough Derg** is famous for the idyllic little towns and villages that fringe its shores with small harbours with plenty of moorings. This is the place to go to "get away from it all" and to experience the peacefulness, the beautiful dramatic scenery and really good cruising waters.

Points to remember

SELF-DRIVE BOAT HIRE

In France, Locaboat Holidays has been authorised to offer boat hire WITHOUT the need for a boat licence. After you have been given instruction in handling your craft and navigation rules you will be given a permit for the duration of your cruise. In **Holland, Ireland and Italy**, no licence is required. In **Germany**, you can cruise over a large region without a licence. Only in Berlin and its surroundings is a boat license required for visitors from certain countries. (See Germany pages).

CRUISING

The cruises suggested have been calculated on the basis of a speed of 8 km/h on canals, 10 km/h on rivers. Above this speed you may damage the banks. Timings allow for passing through locks (15-20 minutes) and bridges, but not waiting time, whether planned or not. You may stop where and when you like, when it's not prohibited. The mooring pins on board (in France) give you total freedom. You can also stop at marinas or public wharves. In Germany, you can also anchor in a quiet bay for the night in splendid natural surroundings. In all countries, it is officially forbidden to moor up to trees.

You should follow any special instruction given to you by staff at the bases about your route (also see the information on the "destinations" pages in our catalogue).

PASSING THROUGH LOCKS

Passing through locks is a highlight of any cruise. Chat to the lockkeeper, buy local products, meet up with other boaters and pick up useful tips, or just use the time to soak up the local atmosphere. For manoeuvring, the crew should include at least two people who are adequately agile.

OPENING & CLOSING TIMES OF THE LOCKS

In France, there is no charge for locks. They are usually open from 9am to 7pm with a lunch break of one hour. They are closed on some public holidays, such as 1st May, 14th July and 1st November. There are no lock closures in Brittany, Camargue, Lot river, Baise river, Canal Latéral à la Garonne, Canal de Roanne à Digoin.

There are no lock closures in Brittany, Camargue, Lot river, Baise river, Canal Latéral à la Garonne, Canal de Roanne à Digoin.

Open on 14th of July : Canal du Midi, Alsace Lorraine, canal des Vosges, Ardennes, Burgundy. Locks are generally automated or worked by a lockkeeper. Some locks on canals have to be worked by the boat's crew, others are automated; passing through them

is simple. You will receive full details at the base on departure.

In Ireland and Germany, the locks are open every day. In Holland, the locks and bridges are in full service between 15/4 and 15/10. Payment is required for some locks. In Italy, it is possible to cruise every day on the lagoon. On the Sile, Po and Brenta some locks are closed on certain days. They are mentioned in the Captain's Handbook.

OPEN WATER

The Etang de Thau in Southern France as well as the Müritz and the Plauer See in Germany or the loughs in Ireland should not be attempted in winds stronger than Beaufort Force 3. Our staff at the departure base will inform you about current situation and give you instructions.

FLOODS

On rivers (but not canals) there can be floods in spring and occasionally in autumn. In case of flooding, we may have to restrict your cruise to canals only, or possibly to switch departure base, but it should not be necessary to cancel your cruise. **You should check on river levels before setting out for your holiday.**

MAINTENANCE WORK

Some waterways have "stoppages" when they are closed for maintenance. These are mainly scheduled for the winter months but occasionally they occur during the hire season. Dates are announced in early March. Certain urgent works may become necessary at short notice. Please check with our reservation staff.

DEPARTURE AND RETURN DAYS

Locaboat Holidays offers flexibility over start days and durations. Several departure days are possible: **Saturday, Monday and Friday. Check in time is between 2pm and 6pm.** Paperwork and instruction take place during this period. Return days are also on Saturdays, Mondays or Fridays between 8am and 9am (for example: 1 week = 7 nights from Monday 2pm to Monday 9am). Hire duration is usually for one week or you can also cruise for periods of 10/11 days and short stays.

BICYCLES

Bicycles are placed in the skipper's care and are his/her responsibility. They are hired out in good working order, are clean and fitted with an antitheft device. The hirer must check the condition and working order of the bicycles when he takes charge of them. Helmets are only provided for children. The cost of hire, including theft insurance, which is displayed at each base, is payable in advance. In the

event of loss, damage or theft, Locaboat will invoice the hirer, according to the tariff currently in force displayed at the base, the cost of making good, repairing or replacing the bicycle. Locaboat accepts no liability for any accident which occurs on a bicycle that has been hired or provided, due to misuse or carelessness by the user.

ONE-WAY CRUISING

You will find in the Captain's Handbook full details of how to return to your car. We draw your attention to the fact that oneway cruising is an optional feature which can never be totally guaranteed owing to the possibility of cancellations or other difficulties. **Therefore, the availability of a One-way cruise and its direction can only be confirmed 48 hours before departure.**

INSURANCE

The hire price includes insurance cover in case of damage caused by the boat, damage to the boat and the skipper's third party liability. Guests, their personal effects and their own third party liability are not included. (See general conditions, @Insurance and Damage Deposit).
