# A BITE-SIZE GUIDE TO FRED. OLSEN CRUISE LINES!

Cruise ships are getting bigger and becoming busier – however, there are many guests looking for an alternative to this type of cruise holiday.

Our itineraries and on board experiences have all been designed with these guests in mind; a smaller ship experience that makes the most of the beauty of the journey and the natures and culture of destinations along the way.

Here are 4 useful points to help you understand our cruise experience and what makes us different:

### Sail our smaller ships

Our elegant, smaller ships are spacious and uncrowded, with lots of lovely restaurants and lounges for guests to relax in. Plus, smaller also means we can journey to places that the bigger ships can't reach.

### Discover the joy of the journey

With our new Signature Experiences, we'll bring our guests destinations to life whilst on board. From seeking out wildlife on deck to sampling authentic flavours in our cookery demonstrations and tastings.

### Explore our hand-crafted itineraries

Our Journey Planners hand-craft each itinerary to take in nature's gems and cultural highlights. From a perfectly-timed sailing to Canada to witness the beautiful 'Fall', to capturing Northern Europe's historic architecture.

### Travel in the best of company

There's a phrase we say in Norwegian – 'I det beste selskap' – which means 'In the best of company'. And, on a cruise with Fred. Olsen, our guests really are. From our warm and friendly atmosphere, to journeying with like-minded travellers.
