Enriching Travel, Intimately Sized

Small Group Journeys

“

We were in a small group of friendly, compatible and courteous travelers – which definitely enhances the experience. I liked the itinerary, with ample time to wander on my own.”

Personally Inspired

The art of going small

Averaging just 24 guests, our small group trips are designed for travelers who want to experience each destination up close and personally, with more time to enjoy the sights and each other in some of the most exciting places in the world. Choose from among 70+ different trips worldwide, including classic land journeys and African safaris, experiencing firsthand the art of traveling small.

In addition to offering more freedom and flexibility to explore as you wish, small groups foster camaraderie and lasting friendships among like-minded travelers. You'll be able to engage more closely with the people you travel with and meet, from your Tauck Director to the local experts and guides who welcome you to their world with insider perspectives, stories and traditions personally shared.

Small groups make it easier to travel from place to place, bringing you inside intimate venues where the crowds don't go, and offering the opportunity to linger longer and learn more about the sights that interest you most. Add Tauck's exclusive cultural experiences that become even more memorable and life changing when you share them with just 24 Tauck guests, and you'll discover firsthand why small is big at Tauck.

Uniquely Tauck

Closer connections

Connecting with people and places on a deeper, more personal level is a hallmark of our small group trips where travel is measured in transformative experiences, authentically inspired. You'll have the opportunity to waltz with the pros in Vienna, dance in the desert with Bedouin swordsmen, taste wines with vintners on their family-owned estates, cook alongside a Michelin-starred chef, and meet locals wherever we go. You'll see wildlife where they live on safaris with knowledgeable local guides and from intimate lodges out in the bush. You can saddle up with cowboys and soak in the scenery aboard flights private to Tauck. Being part of a small group enables you to make closer connections with the locals, savoring the sights up close so you can make the most of every magical moment.

“

So many wonderful memories to choose from! Meeting and listening to amazing stories from Carolyn Robb was a London highlight. And the private Musée du Louvre tour was fabulous.”

Anita Mirani

A WEEK IN... LONDON AND PARIS

“

With so many special moments, it is hard to pick just one but the after-hours tours of the Vatican Museums and Sistine Chapel in Rome and St. Mark's Basilica in Venice were unforgettable. How will Tauck beat this?”

CLASSIC ITALY, SMALL GROUPS

A Closer Look

Unique encounters & exclusive experiences

Traveling with Tauck gives you access to people, places and pastimes other travelers don't have. Imagine exploring landmark sites like Musée du Louvre, St. Mark's Basilica and the Sistine Chapel after hours, without crowds, where privileged access means a lifetime of treasured memories. Enjoy a tour and dinner at a historic villa in Palermo with the son of a baroness and an exclusive visit to Ken Burns's private film studio in New Hampshire, experiencing insider advantages in a more intimate way. You can mingle with restoration artisans at Florentine workshops, dine with a baron at his private Normandy château and go beyond the velvet ropes in a monastery library, off limits to the general public. Whether you're privy to the secrets of a horse whisperer on a dude ranch in Wyoming, one of the lucky few to meet a gorilla family in the wilds of Rwanda or listening to a private jazz performance in New Orleans Preservation Hall, you'll feel more like an invited VIP guest than a visitor.

Dream Makers

Guided by the best

Your small group journey is guided by expert Tauck Directors who come from different countries, speak 42 languages collectively, and are renowned as the world's best travel companions. Wherever we travel, they team up with handpicked local experts and guides – safari trackers, naturalists, chefs, musicians, professors, artists and more – enriching your trip with insights and perspectives that make your explorations more meaningful still.

On our small group trips, the lower guide-to-guest ratio means our Tauck Directors have more time to focus on your interests – and you'll have more opportunities to engage with them. Managing fewer guests on tour allows them more flexibility and freedom to include spontaneous discoveries and unexpected experiences that make your travels even more personally rewarding.

“

We enjoyed traveling with a smaller group and got to know everyone on the adventure. The tour director was exceptional and made the trip seem like a custom private tour for everyone.”

Northern Africa, Israel & Jordan

Lyrical landscapes pay homage to multicultural lifestyles millennia old in this part of the world. Morocco is a magical mix of cultures that play out in the Arab mosques, palaces and souks, Roman ruins, riads and Berber villages you'll visit. Israel is like a folk song passed down through the centuries, living on in the ancient cities, temples and shrines you'll explore with the locals. From the Dead Sea to the promised land, Jordan is a showcase of exotic notes, inviting with a cooking demonstration, a camel ride, hookahs and a private tented dinner with the Bedouins of Wadi Rum.
