Slow down...
and start
living!

In today's society, which is becoming more hectic by the day, more and more young people are convinced that slow is sustainable, slow is quality of life, slow is more time for the kids, slow is enjoying life to the full, slow is stress-free, slow is a win-win situation!

Having enough time has almost become an unimaginable luxury. On board "your" motor yacht, the clocks will go slower. The only thing that goes fast is getting used to the relaxed pace of life. Would you like to take it easy in Auxerre and sample the best Burgundy? Would you like to roam through the flea market in Lille or relax in the unspoilt landscape of the Müritz National Park? Do you finally want to get round to seeing Rembrandt's Night Watch in Amsterdam's Rijksmuseum or have a coffee at Starbucks at the Brandenburg gate? Or you can just spend the evening together on the aft deck, nibbling from your cheeseboard, pouring yourself a great Moselle Riesling and reading a weighty Tom Clancy novel ... at last!

It's no coincidence that the Linssen Boating Holidays® motto is: "Slow down... and start Living!" Stop dreaming, book now.

Useful information for your perfect boat vacation!

CRUISING LICENSE

You don't need a motor boat cruising license in all countries (p 50)! Do you have little or no boating experience? Are you not sure if you're confident enough to take the wheel? Many customers before you felt the same but they were pleased to find out how easy it is to sail and manoeuvre a Linssen. This adventure includes simple things like casting off and mooring or navigating through locks. Other skippers and the lock keepers will be only too pleased to help you. You will soon have "your" yacht under control. All yachts are fitted with a bow thruster, which often ensures even smoother handling when used in conjunction with a stern thruster*. Your LBH partner will also be pleased to supplement the already comprehensive handover process with additional sailing lessons*.

THE ROUTE

Each LBH partner will recommend several routes to you. These are merely suggestions to help you enjoy a pleasant and relaxing way of balancing your travelling time with stays at beautiful mooring places. However, there's nothing to prevent you from varying your trip any way you want. So if you fall in love with a particular village or city, you can simply stay there longer!

CHECK IN

On your arrival, you will be welcomed by our base manager. The few formalities will be completed smoothly. This will give you the chance to discuss your route. If you have pre-ordered any items, they will already be waiting for you on board*. If you would like to make any further purchases, we will be happy to advise you*. Once you have been allocated a parking space*, you can take your luggage on board (rigid suitcases are not practical on board your yacht...). When you have acclimatised a little, the handover and familiarisation process can begin. All on-board equipment will be explained and training given. You will be instructed about casting off and mooring and passing through locks and told how to navigate and operate the yacht responsibly in your own interest and in the interest of your crew, fellow water sport enthusiasts and the environment. Sailing is teamwork. It's

not only the captain that has to keep a lookout! The diesel and water tanks are full. You can take on fresh water in many marinas and at many

COMFORT

Although each yacht in the fleet has its own unique character, every single floating home is amazingly well-equipped! The interior is magnificent, with its beautiful wood finishes. All your comforts are catered for. You have a wonderful view from the bright saloon, you have everything you could want in the kitchen and the cabins are spacious, as are the toilet and shower cubicles. There is a hot water supply. The lighting and the equipment power is provided by the on-board batteries which are charged automatically while the yacht is underway. The yachts have a shore connection for the 220 V on-board network and usually also an additional battery charger and inverter for the 220 V circuit*. The time you spend on deck is made as pleasant as possible by the deck furniture and all-weather protection*.

DEGREE OF DIFFICULTY

On the basis of their many years of experience with Linssen yachts and the knowledge of their specific regions, the LBH partners have created various interesting routes for you. These vary from a weekend to three weeks or even more. The routes are suitable for beginners, for boaters with chartering experience and for seasoned skippers who have been exploring European waterways for years. A wide range of route suggestions have been created that could be characterised as 'easy', 'moderate' or 'demanding'. Every LBH guest however experiences a voyage, the number of sailing hours and the priorities when enjoying such a voyage, in a different manner. So ask the LBH partner at the destination of your choice which route is the most suitable for you and your fellow boaters. He will be pleased to advise you. Moreover, he will do his best to accommodate any individual wishes you may have.

We would like to wish you in advance a wonderful sailing adventure on 'your' Linssen, somewhere in Europe...

* Please ask the respective LBH partner for details, as the equipment per ship can vary.

"Life is a
collection
of moments..."

Choose the right Linssen yacht for your boating holiday

The fleet of luxury motor yachts at LBH Partners are all privately owned and therefore equipped with everything you need. Therefore, the yachts are also very diverse in size and design, but all of the same high quality. Here, we help you to make the right choice for your boating holiday. You only need to bring your personal belongings.

EVERYTHING IS ON BOARD

Your luxury motor yacht is equipped with all modern conveniences. Depending on the size and version, the ship is equipped with several sleeping cabins, toilets, showers, a spacious kitchen, seating and of course storage space for clothes.

CHILDREN ON BOARD?

Sailing with (small) children on board is no problem at all. The yachts sail quietly and peacefully and are stable in the water. The LEGO will not slide off the table. Teach them the knots to fasten mooring ropes so that they can help you as a sailor. In addition, many harbours have facilities for children.

A DIFFERENT WAY TO SPEND YOUR HOLIDAY

A boating holiday on board 'your' luxury Linssen motor yacht is a holiday like you have never experienced before. Because waterways were traditionally important for transport, many of the most beautiful towns and villages are right on the water. And you can often moor your yacht right in the centre and explore the surrounding area from there.

Welcome to the peaceful belgian waterways

Nowhere in the world are so many historic, interesting towns and cities linked by waterways as in Belgium, northern France and the southern Netherlands. With the Linssen motor yachts which you, as a customer of Linssen Boating Holidays®, can charter in the Belgian base in Kinrooi near Maaseik in Belgium Limburg, you can combine relaxation with culture in a stylish manner, as you are close to cities such as Düsseldorf, Aachen, Amsterdam or Brussels. The peaceful waterways lead through beautiful countryside to well-known towns such as Liège, Maastricht and Roermond. There you can visit interesting museums or just have a great time shopping in Maasmechelen, Roermond or Lille (France) outlet centers. And of course you can also try out the restaurants and their culinary highlights, such as the uniquely abundant range of fantastic Belgian beers and chocolates.

On 1 April 2023, Aqua Libra Yachtcharter will be opening a second base in the Belgian port city of Antwerp. They will be working with the "Antwerp Nautical Center", situated at Oostkaai (East quay) in the Asia Dock. The Asia Dock is situated in the immediate vicinity of the famous Willemdok (Willem Dock), the MAS museum and the Skippers' Quarter and within walking distance of Antwerp city centre. A number of amazing routes start from this base towards both Belgium and the Netherlands. As most sailing routes in this region pass through the port of Antwerp, it is actually essential to be in possession of a sailing licence and a VHF radio certificate if you want to charter a boat from this new base.

Switzerland

We would like to offer you unforgettable holidays on the three Jura lakes, with regional culinary specialities as an accompaniment.

Immerse yourself in the magical world of Swiss water sports!

Lake Biel, Lake Neuchâtel and Lake Murten

A 255km water oasis with more than 40 harbours.

With a surface area of 217.9 km², Lake Neuchâtel is the largest lake located entirely in Switzerland, shared between the cantons of Bern, Neuchâtel, Fribourg and Vaud. On Lake Neuchâtel you'll find beautiful blue bays framed by breathtaking nature reserves as well as exciting day-trip destinations in the beautiful towns and villages around the lake.

From Neuchâtel, you can take the train and reach the source of one of the feeders of the Jura water correction in just a few minutes. Cross the Areuse Gorge on foot and enjoy the lapping of the water that has been carving its way through the limestone of the Jura Mountains for millions of years. At the end of this hike, fortify yourself with a nice drop of Oeil de Perdrix. This rosé wine is one of the specialities of the wine-producing canton of Neuchâtel.

Equally famous and legendary is Grüne Fee - an absinthe that comes from the Val de Travers. Once banned as a work of the devil, it can now be safely drunk again.

The people of Neuchâtel also like to use it to add flavour to dishes.

It's impossible to imagine Neuchâtel without the following specialities: fish from the region's lakes and rivers, such as filet de perche and fried whitefish fillets à la Meunière, as well as refined sausage dishes from the local butcher and the flavourful Neuchâtel cheese fondue.

After a leisurely river cruise, the Broye Canal takes you to Lake Murten, on whose shores, in addition to beautiful landscapes and walking trails, you'll find the extraordinary, almost medieval town of Murten. The town is synonymous with the culinary arts, light festivals and classical concerts spread over the year. Tip for foodies: Gâteau de Vully - a cake made with leavened dough, topped with the finest cream glaze. A must on any visit.

As Lake Murten is quite shallow, it's quickly warmed by the sun and is ideal for swimming in during the early season.

The Royal Thames

For boaters, the historic town of Henley-on-Thames is located at an ideal distance from the main tourist attractions of Oxford and Windsor. Henley is famous for its annual regattas and music festivals. The thoroughly English market town provides excellent shops and restaurants and is the perfect departure point for a voyage of discovery to unlock the secrets of the Thames. The Thames is a metaphor for the region through which the historic river flows. Whether it's historic royal residences such as Windsor Castle and Hampton Court Palace or fantastic theme parks, the Thames has a lot of attractions for the whole family. The County of Oxfordshire, together with Berkshire and Buckinghamshire, provided the backdrop for the world-famous detective series "Midsomer Murders" featuring the fictional Inspector Barnaby. If you are sitting in one of the quintessentially English pubs in which scenes from the series were shot, sipping on a whisky, you will feel as if you are Barnaby... Many picturesque Midsomer locations await your visit during your Linssen cruise on the Thames.

Between the historic towns, the picturesque course of the river – which was the source of inspiration for the novels "The Wind in the Willows" and "Three Men in a Boat" – provides the perfect opportunity to switch off and relax. The famous towns and villages on the Thames – Henley, Sonning, Wallingford, Bray, Marlow and Windsor – hold out the promise of culinary delights in their riverside restaurants.

Hobbs of Henley Ltd bestaat al sinds 1870 en is nog altijd Established in 1870, Hobbs of Henley Ltd is still a family-run business today and is a byword for chartering luxury-class vessels.

You too can charter a Linssen from Hobbs of Henley and embark on a "culinary cruise". Sail from town to town and eat in world-famous, top Michelin star restaurants. "On a Linssen boating holiday, you feel as if you're living a week or more in luxury", says Jonathan Hobbs. "The Linssen Grand Sturdy '9' Series are very stylish boats, real eye-catchers. For years, luxury yachts of this kind were considered unaffordable on the Thames. But now you can have them!"

From five generations we have gleaned all-round experience on the Thames and enjoy an excellent reputation for 150 years of first-class hospitality on the river.

You can hire the yachts on a weekly basis from April to October. At certain times of the year, you can also hire for a few days or for a weekend. We offer exclusive day trips with a captain during Regatta week in Henley. A one-week trip will take you either to Runnymede and back downstream or to Oxford and back upstream. To hire a Linssen from Hobbs of Henley, you do not need to have completed an official training course or have a pleasure craft driving licence, but boating experience is essential.

Managing Director Jonathan Hobbs believes that the Linssen Grand Sturdy '9' Series is the perfect complement to his luxury charter fleet. He looks forward to a successful business relationship between the two famous boat companies. We will be delighted to welcome you to Henley and to share the secrets of our truly "Royal" river with you.

Land of the thousand lakes

It's no wonder that Finland is called the 'land of the thousand lakes', because there are so many of them. Consequently, lakes and the sea are vital parts of Finnish nature. What could be better than getting away from the noise of the cities by relaxing and enjoying the silence on board a quality yacht? Retreat into your own thoughts or be inspired by the vast clear lakes splintered by islands, narrow strips of land and green headlands.

Lake Saimaa is a labyrinth of blue water and green islands making up the largest lake district in Europe. Due to the number of stretches of open water linked by straits and dotted with islands, it's hard to believe that Lake Saimaa really is Finland's largest natural freshwater lake and the fourth largest in Europe.

Lake Saimaa is a breathtakingly beautiful destination for truly unforgettable holidays with an abundance of scenery and shoreline. The stunning natural environment and unique local events attract thousands of visitors each year to enjoy the region's hospitality and services. The beautiful varied landscape dotted with islands is a perfect setting for sheltered yachting. Holidaymakers can enjoy the Saimaa region from calm blue waters in summer. Come and experience the world's most beautiful lake district - Saimaa!

The region offers a wealth of cultural attractions from the world famous Savonlinna Opera Festival to high-class concerts and intriguing museums and galleries. Holidaymakers will find plenty to do on the sunny shores of Lake Saimaa, as there are many activities and pursuits to be enjoyed. Unique boutiques, idyllic cafes and top-class restaurants, offering a warm and friendly service, add to the unrivalled charm of the Savonlinna region. One of the most popular boating areas on Lake Saimaa is the Linnansaari National Park with 130 islands covering an area close to 40 km². There are 21 guest marinas in this region, which means that moorings are never far away. Head for the shore whenever you feel you need a rest, a snack or coffee prepared over open fire. And, if you are lucky, you can spot the Saimaa ringed seal, which is among the world's most threatened seal species!

In addition to the Linnansaari National Park, there are more than 200 other guest marinas, so you can easily plan your trip. And, as we are in Finland, many of these have a traditional Finnish sauna which you can enjoy and then dip into the crystal clear water of the lake.

Savonlinna - Lake Saimaa

The Saimaa region is situated in South-East Finland and is part of South Savo (Etelä-Savo). The Savonlinna area represents Finnish holiday scenery at its best and extends as far as Varkaus in the west, Joensuu in the east, Kuopio in the north and Lappeenranta in the south. Its entire area is 1,700 km² and has 13,700 km of shoreline, including the islands. If you want to explore the Savonlinna area as skipper of your own boat, you will find wonderful waterways and marinas pulsating with the local joie de vivre.

When travelling, there are many marinas and natural harbours. You can stay one or two nights on almost every island. The boats are equipped with excellent charts and a list of marinas where you can find good mooring locations. The town of Savonlinna and its surroundings is one of the most popular holiday regions in Finland. The vibrant region amid the scenic lake district of Saimaa offers a perfect setting for a cultural, spa, beach or boating holiday – or for a combination of the four. Escape the everyday hustle

and bustle and relax on your yacht at the quayside by the market place and pavement terraces of the lively summer town, or take a cruise to a relaxing cove and enjoy the peace and quiet of nature.

The Savonlinna region provides an excellent opportunity to explore the area by boat. National parks, nature harbours and the coves of the archipelago are close to the town. Visit isolated islands that cannot be reached by a large cruise ship. You may also rent a boat with a guide to help you to explore the archipelago safely.

New LBH partners wanted

In addition to private investors, we are also looking for new LBH partners to further expand the network with beautiful, exciting locations. Despite our large spread across 16 locations in Europe, there is still plenty of room for expansion.

These may be entirely new locations, but also locations that are already in operational use but do not have Linssen yachts. Linssen yachts can be a valuable addition to your existing charter fleet. The yachts offer you the opportunity to address a new target group with guests who

consciously choose the quality, sailing characteristics and image of a Linssen.

If you are interested in becoming an LBH partner or would like to know more about the terms and conditions, please contact wendy.linssen@linssenyachts.com. without obligation.
