2027 South Pacific

In Seabourn's new 2027 South Pacific expeditions, while no two experiences are alike, each is filled with unique cultural experiences and lush, intriguing landscapes. Sail through the least travelled islands and atolls in the world on board Seabourn Pursuit ranging from 13 to 22 days.

Cultural Experiences:

Immerse yourself in the unforgettable Baining Fire Dance in Papua New Guinea or Rom dance in Vanuatu and more.

Submarine dives featuring historic wrecks:

Explore underwater wrecks in custom-built 6-person submarines, including the 110-year-old Titania site, first discovered by Seabourn Pursuit, and the Dresden.

Easter Island:

Embark on a two-day exploration of Easter Island, Chile, to learn about its famed Moai statues and celebration of the birdman culture (Tangata Manu).

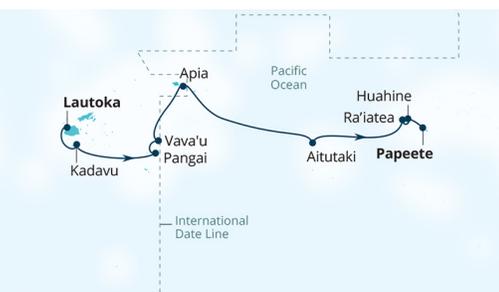

Navigation/Stargazing Experiences:

Enjoy pristine starry nights from our spacious top deck. Team members will help you navigate the night's sky. If this is your first visit to the southern hemisphere, prepare to spot hosts of constellations you have never seen before.
