Protecting the World's Wild Places

We recognize that by taking passengers to some of the world's most fragile and untouched ecosystems, we have a responsibility to inspire, educate and advocate for the protection and preservation of the places we visit.

Please note: wildlife appears closer due to photographic zoom and camera lenses, and doesn't represent actual proximity on the expedition

Our Journey

When legendary Australian mountaineer Greg Mortimer and his adventurer wife, Margaret, first set their sights on the polar regions over 30 years ago, they got goosebumps. But not from the cold. Their passion for exploration and deep respect for remote environments led to the founding of Aurora Expeditions in 1991, built on the belief that travel can be a powerful force for positive change.

In 1997, Aurora Expeditions ventured into the Arctic for the first time, drawn to its vast, ice-covered landscapes, rich cultural history, and extraordinary wildlife. Since then, our connection to the region has only deepened. Today, we bring a pioneering spirit and a steadfast commitment to sustainability to every Arctic voyage.

By immersing our expeditioners in the beauty and fragility of this remarkable region, we foster a greater understanding of the Arctic's importance and inspire lasting ambassadors for its protection and preservation.

Today, we are an award-winning pioneer in responsible small-ship exploration travel, a Certified B Corporation™ and proudly carbon-neutral.

Should your next journey be with us, we promise an immersive, inspirational and profound experience – regardless of which corner of this incredible planet we explore together.

What Sets Us Apart

Since the start, it's been our ideals that make us exceptional. In 1991 we set out to forge a unique niche, curating unforgettable trips to the world's natural, cultural and ancient wonders. Our intimate ships carry no more than 130 expeditioners, fostering camaraderie and easy friendships. Plus, they're able to reach environments larger vessels can't. We're proud to be a Certified B Corporation™, offering immersive activities, more time off-ship, and thoughtful enrichment programs as we explore our planet responsibly.

For Us, Recognition is Motivation

Winning awards is an honor and for us, much more. At Aurora Expeditions, we continue to be recognized as an industry leader in exploration travel by many prominent organizations and publications. Each award serves to reinforce the values that brought us here, and challenges us to set our bar of excellence higher, constantly improving for staff, travelers, and our world alike.

World's Leading Polar Expedition Operator

Our Commitment to This Incredible Planet

Responsible travel has remained at the heart of our business from the start. As a Certified B Corporation™, we proudly join a global movement of companies that meet rigorous standards of social and environmental impact, transparency, and accountability. This certification represents more than just a milestone; it's a testament to our ongoing commitment to doing business responsibly, guided by principles that prioritise people and the planet.

The B in B Corp stands for 'Benefit for all'. We strive to deliver voyages that have a minimal footprint while creating a positive impact on the extraordinary places we visit. Our journey reflects our dedication to the protection, regeneration and appreciation of Earth's natural wonders.

Please note wildlife may appear closer than they actually are due to photographic zoom and camera lenses.

Climate Action

The urgency of the climate crisis demands bold and immediate action, and we are committed to being part of the solution. Since 2021, we have been tracking and measuring greenhouse gas emissions across our operations and supply chain. We are dedicated to reducing emissions and contributing to ocean regeneration. Through innovation in alternative fuel trials and support for projects that restore vital marine ecosystems and biodiversity, such as sea kelp and seagrass planting, we are proud to be driving meaningful progress toward a net zero future.

Resource Conservation and Circularity

Our focus is on responsible procurement, working with suppliers that align with our values. We also work to reduce waste and pollution by considering carefully the life cycles of the materials we use. Onboard our vessels, we purchase products in bulk and prioritise reusable items wherever possible. As part of our commitment to reducing single-use plastics, we offer reusable water bottles to passengers, which can be refilled at multiple stations throughout the vessel.

Protecting and Preserving Ecosystems

It's a privilege to take travellers to the world's most fragile and untouched ecosystems. We recognise our responsibility to inspire, educate and advocate for the protection and preservation of the environments we visit. We were among the first members of AECO and IAATO, participating in clean-ups globally and generating awareness to the importance of keeping our oceans and landscapes clean.

Inspiring Through Science and Education

In our eyes, travel is the best educator. Learning alongside our onboard experts and ambassadors affords countless opportunities to form deep connections with the incredible places we visit. Passengers are able to contribute meaningfully by participating in real scientific research through our Citizen Science Program.

Community Engagement and Shared Values

Fostering meaningful bonds with communities is vital. We proudly welcome members of the Inuit community on board select voyages to Greenland and the Northwest Passage. And across the globe we celebrate the authentic flavours of our destinations by serving meals with ingredients sourced from local producers dedicated to natural and ethical farming.

Get Your Bearings

Embark on a small ship journey to the most extraordinary natural, cultural and historical wonders across the globe. This season, we're excited to offer an even greater variety of destinations than ever before.

Ignite your spirit of discovery with more time off-ship and maximum immersion in each location – from the polar regions to beyond. No matter where you choose to sail, we'll ensure a truly unforgettable and meaningful experience.

You're in Expert Hands

When you journey with Aurora Expeditions, you'll embark on the adventure of your life alongside an Expedition Team with a lifetime of experience.

With over 100 years of combined experience in the field, our team's knowledge, passion and dedication to exploratory travel is unparalleled. Few on earth are more qualified to help you to push your boundaries and immerse yourself in some of the most breathtaking locations on the planet.

Learn from some of the greatest minds and specialists – naturalists, marine biologists, geologists, historians, ecologists, glaciologists, ornithologists, climatologists, and many more.

With our small-group approach to big adventures, we offer a high ratio of Expedition Team members to Expeditioners (approximately one to seven), and safety is our highest priority.

The E-Team © M Baynes

Going Solo

There's nothing like the freedom of solo travel. With Aurora Expeditions you can set off on your own terms, discovering the world's most remote and majestic destinations with a community of like-minded travelers and Expert Guides.

Our small, intimate ships foster easy connections. And our landings and activities are conducted in small groups, allowing you to explore at your own pace, or surround yourself with others who share your passion for nature and discovery.

Go Solo and Save

Right now, solo expedition travel is more accessible than ever. With the single supplement removed on select 2027 Arctic, this is the perfect time to embark on the adventure of a lifetime.

Ilulissat, Greenland © F Wardle

Activities That Put You in the Action

The real adventure happens off-ship. Our expeditions are all about maximizing opportunities for you to get out and explore our destinations hands-on.

We offer a highly comprehensive activity program, led by experienced Activity Specialists who are dedicated to making each experience action-packed and immersive in the natural environment.

Some activities are included in your expedition, while others are optional and cost extra. Select activities need to be booked in advance.

There are activity options for everyone, regardless of experience or skill level. And there is always the opportunity to try something new. How you experience each destination is entirely up to you.*

**All our landings, adventures and activities are subject to weather conditions, and activity options do vary by itinerary.*

Kayaking in Svalbard © L Stock at Divergent Travelers

Included Activities

Our expeditions are designed to put you in the action as much as possible. To help you get the most out of your time in the incredible destinations we visit, we offer a range of included activities as part of your voyage

POLAR PLUNGE

GUIDED HIKES

PHOTOGRAPHY

ZODIAC-CRUIISING

Optional Activities

Your expedition can be as active as you want. We offer an unrivalled array of activities so you can reach new limits and make your journey the trip of a lifetime. Choose from a large selection of optional activities led by our professional and passionate Activity Specialists.

SEA KAYAKING

SCUBA DIVING

SNORKELING

PADDLING

Enrichment & Education

Aboard our expeditions, we offer the chance to pique your curiosity, expand your knowledge and enrich your understanding of the places we explore.

Expert Lectures & Presentations

As you discover picturesque vistas and unforgettable wildlife, you'll also gain in-depth insights into the nature, culture and history of the surrounding landscapes.

Whether you're enjoying a guided hike, Zodiac cruise, special activity or joining the team in the lecture theater, our Expedition Team offers educational and entertaining presentations in the fields of glaciology, biology, geology, birding, local culture, history, photography and so much more.

Special Guests

In addition to our experienced Expedition Team, we're pleased to welcome a range of special guests across our upcoming Arctic expeditions – experts in the fields of photography, art and conservation, to name a few. Our special guests aim to enrich your adventure by sharing their unique perspectives, insights and experiences.

Our goal is to leave you inspired by and invested in the environments, wildlife and people you encounter on your expedition. In the end we hope you are richer in knowledge and understanding of our planet than you were when you stepped on board.

Citizen Science

Our Citizen Science Program will allow you to deepen your connection to the natural world by making a difference in the field, alongside our experts. Your participation enables us to help provide invaluable data to the scientific community. You too can become an ambassador for the protection of our majestic but fragile blue planet, by sharing what you have learned when you return home.

From the biggest mammals to the smallest marine creatures, the important part you play in our Citizen Science projects will help protect and preserve the planet for generations to come.

"Our goal is literally to inspire a network of hope – one place, one community, one vision at a time – but together around the world."

— Dr Sylvia Earle, oceanographer, marine biologist and explorer

Svalbard

At the top of the world, a place of raw arctic wilderness, enter the frozen domain of the polar bear, where you will be mesmerized by spectacular fjords, rugged mountain ranges and a fossil-rich polar desert. Stay alert for the regal polar bear and other creatures within this icy realm: walrus, beluga whales, bearded seals, arctic fox, reindeer, guillemots, little auk colonies and kittiwakes.

Please note: wildlife appears closer due to photographic zoom and camera lenses, and doesn't represent actual proximity on the expedition

Voyage Codes: G = Greg Mortimer | S = Sylvia Earle

Charter flights between Oslo and Longyearbyen are included.

Spitsbergen: Realm of the Ice Bear

Spitsbergen | 8 Days

Focusing on the largest island of the Svalbard archipelago, we slice through pack ice to find walrus and bearded seals and sail along spectacular fjords surrounded by jagged mountains that pierce the sky. We keep our eyes peeled for polar bears hunting on the ice, while guillemots nest in high cliffs, away from the hungry jaws of arctic fox. We stretch our legs on walks across the tundra, discovering historical camps of explorers, and immerse ourselves in the raw beauty of the Arctic.

OVERVIEW

1 Arrive in Oslo for an overnight stay.

2 Fly to Longyearbyen for embarkation.

3–7 Spitsbergen is the largest island in the Svalbard archipelago and offers arctic wilderness at its best. Phenomenal fjords, magnificent mountain ranges, and a polar desert rich in fossils set the stage for heroic tales of early exploration. See walrus hauled out on sea ice or beaches, stretch your legs on tundra walks carpeted in brightly colored wildflowers, and visit towering cliffs noisy with nesting guillemots and puffins. If you've chosen an optional activity such as kayaking, you'll have the chance to enjoy it when conditions allow. For those eager to take a polar plunge, once conditions are suitable, you'll hear the call to prepare for an exhilarating dip – a memory to savor for years to come.

8 Disembark in Longyearbyen and fly to Oslo.

Svalbard Odyssey

Svalbard Archipelago | 11–12 Days

Enjoy the best of Svalbard, a world of near-endless daylight during summer, where guillemot cries echo from towering cliffs, and beluga whales beguile those lucky enough to glimpse them. Whether you're cruising past sculpted glaciers, hiking across colorful tundra, or quietly observing a whale surfacing nearby, your days in Svalbard will be filled with unforgettable moments in one of the last true wildernesses on earth.

OVERVIEW

- 1 Arrive in Oslo for an overnight stay.
- 2 Fly to Longyearbyen for embarkation.

3–11

Svalbard offers arctic wilderness at its most awe-inspiring: remote and rugged landscape of ice-covered fjords, dramatic mountains and vast polar deserts where nature reigns supreme. Exploring this region aboard our small expedition ship with just 130 passengers allows for a more personal, immersive experience. You'll travel in the company of like-minded adventurers, with the freedom and flexibility to access areas that larger ships simply can't reach. Keep watch for polar bears patrolling the ice edge, walrus hauled out on sea ice or beaches, and arctic fox darting across the tundra. Seabirds nest in the thousands on towering bird cliffs – guillemots, puffins, kittiwakes and more – creating a spectacular and noisy display of life during the summer months. With the weather, sea ice conditions, and wildlife sightings ever-changing, no two days are the same.

- 12 Disembark in Longyearbyen and fly to Oslo.

Svalbard in Depth

Svalbard Archipelago | 15 Days

On this extended exploration of the Svalbard archipelago, there is ample time to enjoy the best of this magical region, a world of near-endless daylight, where polar bear sightings quicken your pulse, guillemot cries echo from towering cliffs, and beluga whales rise from the sea. With extra time for exploration, we hope to show you some of our favorite places in Svalbard, and perhaps discover some new ones. Unpredictable conditions are expected in wild and remote places such as Svalbard, and with extra time, we can slow the pace of the voyage, linger longer in quiet bays to enjoy wildlife encounters or return to a landing that was previously not possible. Explore tundra adorned with wildflowers, keep watch for arctic fox, and discover historical camps of explorers and hunters. Push through pack ice to find walrus and bearded seals, and delight in the breathtakingly beautiful fjords.

HIGHLIGHTS

- Attempt to circumnavigate Svalbard, including Nordaustlandet, a polar desert rich in geological wonders and the northernmost point of the Svalbard archipelago
- Enjoy extra time for deeper expeditionary exploration
- Thrill in the anticipation of perhaps seeing polar bears on pack ice and other mesmerizing wildlife, including walrus, seals, whales, reindeer and arctic fox
- Discover towering cliffs noisy with nesting guillemots and listen to the busy chanting of little auk colonies protected among the scree slopes
- Hike among tundra amid exceptional scenery
- Visit the remains of old whaling settlements and Pomor sites
- Encounter glittering glaciers, keeping watch for beluga whales and ivory gulls

DATES

Start/Finish	Duration	Dates	Voyage Code	Type of Voyage
Oslo/Oslo	15 Days	18 Jun '26–02 Jul '26	SVD004S	Fly/Fly

Voyage Codes: G = *Greg Mortimer* | S = *Sylvia Earle*

Charter flights between Oslo and Longyearbyen are included.

OVERVIEW

1 Arrive in Oslo for an overnight stay.

2 Fly to Longyearbyen for embarkation.

Venture into one of the world's most pristine and untouched polar frontiers. A breathtaking landscape of phenomenal fjords, sculpted glaciers, magnificent mountain ranges, and polar deserts steeped in geological wonders and fossil history. These rugged, remote lands have long captured the imagination of explorers, scientists and adventurers, and now you have the chance to follow in their footsteps on what is truly the ultimate Svalbard voyage.

With 15 full days to explore the archipelago, we venture far beyond the ordinary. Our extended itinerary allows us to delve deeper into the wild heart of Svalbard and, if conditions permit, attempt a circumnavigation of Spitsbergen. This rare opportunity reveals the true scope and diversity of Svalbard's landscapes and ecosystems, from icy bays and glacier-strewn coastlines to tundra valleys bursting with arctic wildflowers. We may also journey to Svalbard's second largest island, Nordaustlandet, an austere and captivating polar desert largely untouched by time. This island is a geological treasure trove featuring ancient rock formations, and is home to one of the largest walrus haulouts in the archipelago. Its remote northern cape is the northernmost point of Svalbard, and is a place where polar bears are frequently sighted, patrolling the ice edge or roaming the coast. This is no ordinary cruise – it's a true expedition, designed for those who seek a deeper connection with the polar environment. With more time to explore and more opportunities for wildlife encounters, Svalbard in Depth offers you a stronger sense of immersion in this fragile, fascinating and wildly beautiful corner of the world.

3–14

15 Disembark in Longyearbyen and fly to Oslo.

Iceland & East Greenland: Under the Northern Lights

Iceland & East Greenland | 11 Days

On this journey designed for seekers of nature's most magical displays, explore East Greenland's dramatic landscapes and Iceland's Westfjords, with a special focus on witnessing the northern lights. As autumn descends and the nights grow longer, East Greenland offers front-row seats to nature's most enchanting spectacle: the aurora borealis shimmering above towering icebergs and glacier-carved fjords. In Scoresbysund, the world's largest fjord system, marvel at vast ice formations drifting silently beneath the vibrant glow of the aurora, while by day, discover arctic hare, musk oxen and the elusive ptarmigan among the burnished tundra. This is a voyage of elemental beauty, where the skies come alive with color and wonder.

HIGHLIGHTS

- Witness the awe-inspiring aurora borealis dance across East Greenland's night skies, with prime viewing conditions away from light pollution
- Marvel at the ancient geology of East Greenland, where mountains are painted in natural stripes, and fjords are surrounded by walls of pinks, oranges and purples
- Keep a close watch for the unmistakable blow of whales as they surface to breathe, and perhaps the mesmerizing sight of a tail fluke as it takes a deep dive
- Learn about the history and culture of the Inuit, who have inhabited this region for centuries
- Feel the power and beauty of Dynjandi waterfalls in Iceland's Westfjords, where cascading water thunders down a dramatic cliff face surrounded by moody skies and striking landscapes

DATES

Start/Finish	Duration	Dates	Voyage Code	Type of Voyage
Reykjavik/Reykjavik	11 Days	08 Sep '27–18 Sep '27	IGR002D	Sail

Voyage Codes: G = *Greg Mortimer* | S = *Sylvia Earle*

OVERVIEW

1 Arrive in Reykjavik for an overnight stay.

2 Embarkation.

3 Begin your journey with a wet landing at the spectacular Dynjandi waterfalls, one of the Westfjords' most iconic natural wonders. Cascading 100 meters (328 feet) down a series of tiered cliffs, Dynjandi is a breathtaking introduction to Iceland's dramatic landscapes. Take in the thunderous roar of the falls, the rich textures of moss-covered rocks, and the striking contrast of water and stone beneath brooding skies.

4–10 Cross the Denmark Strait to East Greenland, where colossal icebergs, jagged peaks and serene fjords await. Cruise through Scoresbysund, the world's largest fjord system, and explore its remote branches such as Kong Oscar and Kaiser Franz Josef fjords. During the day, hike through autumn-colored tundra and keep watch for wildlife, including musk oxen, arctic hare, seals and seabirds. In the evenings, with clear dark skies and minimal light pollution, we hope to experience the magical spectacle of the northern lights illuminating the icy landscapes. Zodiac cruises offer intimate perspectives of drifting ice and towering cliffs, while a visit to the isolated community of Ittoqqortoormiit provides insight into life in one of the world's most remote villages. Each night holds the potential for unforgettable aurora displays across the arctic sky.

11 Disembark in Reykjavik.

Jewels of the Arctic

Svalbard & East Greenland | 15 Days

Prepare to be captivated by the raw beauty and untamed wilderness of the Arctic on this extraordinary expedition. From the remote landscapes of Svalbard to the colossal icebergs of Greenland, this journey promises an unforgettable encounter with nature's grandeur. Discover a world of polar bears, whales and an abundance of arctic birdlife as we navigate through breathtaking fjords and across the vast expanse of the Arctic Ocean. Our experienced Expedition Team will guide you through this pristine environment, sharing their knowledge and passion for the Arctic. Immerse yourself in the history of exploration as we follow in the footsteps of intrepid pioneers. From the icy shores of Svalbard to the Inuit village of Ittoqqortoormiit, you'll gain a unique perspective on life in this remote region. Whether you're an avid adventurer, a nature enthusiast, or simply seeking a once-in-a-lifetime experience, this expedition offers something for everyone.

HIGHLIGHTS

- Search for arctic wildlife, including musk oxen, polar bears, arctic fox and arctic hare
- Experience the world's largest national park in north-eastern Greenland, and the world's largest fjord system, Scoresbysund
- Visit Ittoqqortoormiit, one of the world's most remote Inuit settlements, embraced by the world's largest fjord
- In Svalbard, push through pack ice, searching for polar bears and ringed seals
- Zodiac-cruise along vast glacial fronts and into Øfjord as the surrounding 2,000-meter (6,562-foot) walls are painted a vibrant pink by the sunset
- Learn about the history and culture of the Inuit, who have inhabited this region for centuries

Voyage Codes: G = *Greg Mortimer* | S = *Sylvia Earle*

Charter flight between Oslo and Longyearbyen is included.

OVERVIEW

1 Arrive in Oslo for an overnight stay.

2 Fly to Longyearbyen for embarkation.

3–5 In Svalbard, venture ashore for hikes among the flowers on lush tundra and observe remarkable bird cliffs. Keep watch for walrus swimming or hauled out on the beach. If conditions allow, we may push north to the edge of the pack ice in the hope of finding polar bears ranging over the frozen landscape, hunting for seals.

6–7 At sea.

8–13 In East Greenland, we hope to visit Kong Oskar and Kaiser Franz Josef fjords. We also aim to reach Scoresbysund, the world's largest fjord system and birthplace of countless icebergs of stunning geometric shapes and sizes. While there, we visit the remote Inuit community of Ittoqqortoormiit. Keep watch for musk oxen, arctic hare and seals.

14 At sea.

15 Disembark in Reykjavík.

[You can view the full itinerary on our website.](#)

We're proud to partner with Oxen's Community Ambassador Program, and look forward to welcoming local ambassadors from Greenland on board during select Greenland voyages.

Canadian High Arctic

The fabled Northwest Passage in Canada's High Arctic offers a fascinating escape through ancient landscapes and a maze of waterways. Travel in the footsteps of daring explorers, embrace the unknown, be open to adventure and connect with the indigenous locals whose lives are anything but ordinary.

Please note: wildlife appears closer due to photographic zoom and camera lenses, and doesn't represent actual proximity on the expedition

OPTIONAL
ACTIVITIES

Sea Kayaking

*Optional activities available on select voyages, at additional cost.

Point de la Guiche, Canada © R Mackintosh

The itinerary and the routes shown on the map are guides only and are subject to change due to permitting and regulatory approvals; weather, sea state and other conditions beyond our control.

The Northwest Passage

West Greenland & Nunavut (Canadian Arctic) | 16 Days

Get a glimpse into the world that captivated early explorers such as Franklin, Amundsen and Larsen by sailing a portion of the fabled Northwest Passage. Learn about the region's ancient history and culture from the locals who, through their ancestry, have thrived in this remote wilderness homeland for millennia. Watch for enigmatic arctic wildlife as we navigate variable sea ice that once prevented ships from traversing the Northwest Passage, adding a compelling element of adventure integral to any genuine expedition.

HIGHLIGHTS

- Hike on Devon Island, the world's largest uninhabited island, which has stunning geology and glacial valleys
- On Beechey Island, visit the graves of explorers from John Franklin's 1845 expedition
- Experience the warm hospitality of the local Inuit, whose deep connection to the land is evident in their culture, traditions and lifestyle
- We hope to spot iconic arctic wildlife, including musk oxen, polar bears, beluga whales, seals, and perhaps the elusive narwhal
- In Ilulissat, hike to the UNESCO World Heritage-listed Icefjord and stand in awe of its immensity
- Visit Sisimiut's cosy museum, where you will find an excellent reconstruction of an Inuit turf house as well as exhibits of local history and early life in Greenland

DATES

Start/Finish	Duration	Dates	Voyage Code	Type of Voyage
Toronto/Calgary	16 Days	30 Aug '27-14 Sep '27	NWP009S	Fly/Fly
Calgary/Toronto	16 Days	12 Sep '27-27 Sep '27	NWP010S	Fly/Fly

Voyage Codes: G = *Greg Mortimer* | S = *Sylvia Earle*

Charter flights between Toronto and Nuuk, and Resolute and Calgary are included.

We're proud to partner with Oxen's Community Ambassador Program, and look forward to welcoming local ambassadors from Nunavut on board during our Northwest Passage voyages.

OVERVIEW

1 Arrive in Toronto for an overnight stay.

2 Fly to Nuuk for embarkation.

3 Enjoy a walk in Sisimiut and perhaps visit the town's interesting museum.

4 Hike to the UNESCO World Heritage-listed Icefjord at Ilulissat.

5-6 Explore the northern stretches of West Greenland, with the possibilities of Zodiac cruises, hikes and a visit to one of the small communities that are dotted along the coast.

7 At sea.

8 Conditions permitting, we hope to go ashore at Pond Inlet and be treated to a warm welcome from the local community.

We hope to explore Devon Island, the world's largest uninhabited island, where flat-topped mountains and glacial valleys frame tundra walks and historical outposts. Beechey Island, a poignant Canadian National Historic Site, is the burial site of three men from Franklin's ill-fated 1845 expedition. Across Lancaster Sound, Prince Leopold Island's dramatic cliffs are home to half a million nesting seabirds, while nearby Port Leopold tells tales of stranded explorers and arctic hardship. At Radstock Bay, we step ashore to discover ancient Thule dwellings beneath Caswall Tower, and in Hazard Inlet, traces of bowhead whale hunters reveal a rich Inuit legacy. We may transit Bellot Strait, a narrow, tide-driven passage flanked by steep cliffs, and visit Zenith Point, a windswept headland that evokes true polar solitude.

9-14 Disembark in Resolute and fly to Calgary. Overnight in Calgary.

Traversing the Northwest Passage

West Greenland & Canadian Arctic, USA | 29 Days

On this epic voyage inspired by Roald Amundsen's historic expedition, we attempt to sail the full length of the Northwest Passage, carving our way west through the maze of waterways that hug the fabled islands of the Canadian Arctic until we reach the Beaufort Sea. Building on our classic Northwest Passage voyage, we visit historical sites explored by heroic explorers, meet the incredible folk who call this region home, discover stunning geology with flat-topped mountains and glacial valleys, and search for enigmatic wildlife of this unique corner of the world. Pack ice may halt our voyage through the passage, so brace yourself for a genuine expedition where adventure awaits at every turn.

HIGHLIGHTS

- Feel the sheer thrill of attempting a full transit of the Northwest Passage from West Greenland to Nome
- Experience the warm hospitality of the local Inuit, whose deep connection to the land is evident in their culture, traditions and lifestyle
- Watch for iconic arctic wildlife, including musk oxen, polar bears, seals, and perhaps the elusive narwhal
- In Ilulissat, hike to the UNESCO World Heritage-listed Icefjord and stand in awe of its immensity
- Discover Disko Island's breathtaking icebergs and stunning geological wonders

DATES

Start Finish	Duration	Dates	Voyage Code	Type of Voyage
Toronto/Anchorage	29 Days	20 Aug '26-17 Sep '26	FNW004G	Fly/Fly

Voyage Codes: G = *Greg Mortimer* | S = *Sylvia Earle*

Charter flights between Toronto and Nuuk, and Nome and Anchorage are included.

[You can view the full itinerary on our website.](#)

Please note that this is an indicative itinerary only and is subject to change. Sea ice and weather conditions determine our route and Aurora Expeditions cannot guarantee the complete crossing of the Northwest Passage to the Beaufort Sea. However, we will certainly have an incredible adventure trying!

We're proud to partner with Oxen's Community Ambassador Program, and look forward to welcoming local ambassadors from Nunavut on board during our Northwest Passage voyages.

OVERVIEW

1 Arrive in Toronto for an overnight stay.

2-3 Fly to Nuuk for embarkation.

4-5 Visit UNESCO World Heritage-listed Icefjord at Ilulissat. At Qeqertarsuaq, Disko Island, we hope to see some impressive geology and spectacular icebergs gleaming in the bay.

6-7 Explore the northern stretches of West Greenland, with the possibilities of Zodiac cruises, hikes and a visit to one of the small communities that are dotted along the coast.

8-9 Cross the Davis Strait to Nunavut, Canada. We hope to go ashore at Pond Inlet and be treated to a warm welcome from the local community.

10-11 Devon Island is the largest uninhabited island on earth and features stunning geology. An important stop is Beechey Island – the final resting place of three members of Franklin's unlucky expedition in 1845.

12-16 Our itinerary for the following days is heavily dependent on the conditions. We hope to visit fascinating archaeological and heritage sites, enjoy hikes on the tundra, and Zodiac-cruise fjords and bays.

17-21 We hope to explore a few of the places visited by explorers like Franklin, while learning about the remarkable history. Hold your breath as we near the geological wonder evocatively known as the 'Smoking Hills', where the stench of sulphur rises from below the earth. We hope to visit one of the Inuvialuit communities in the remote western region of the Canadian Arctic.

22-24 Watch as the captain navigates our state-of-the-art vessel through these waterways.

25-27 We sail westwards to Nome.

28-29 Disembark in Nome and fly to Anchorage. Overnight in Anchorage.

Special Edition Expeditions

We're pleased to present a collection of Special Edition Expeditions focusing on a variety of unique themes and interests. Each expedition has been specially designed to offer distinctive insights and perspectives as you explore the calving glaciers and iridescent icebergs of the Arctic, from a focus on photography, and wildlife to science.

In This Collection ...

Photography Expeditions

Embark on our Photography Expeditions, in which you'll capture the world's wonders alongside some of the finest photographers on the planet. Our photographers will teach you the tricks of the trade, whether you're wielding professional gear or snapping shots on your smartphone. Enjoy extended opportunities for breathtaking shots, from specially designed Zodiac cruises to immersive onshore excursions, where every moment becomes an invitation to create. Our award-winning photographers will inspire you with their passion, sharing their insights through onboard presentations and off-ship guidance.

New Scientist Discovery Tours

New Scientist Discovery Tours is known for its amazing, science-filled tours, cruises and expeditions, all inspired by the journalism of *New Scientist*, the world's most popular weekly science and technology publication. Now, in partnership with Aurora Expeditions, New Scientist Discovery Tours is setting sail to the polar regions to provide breathtaking and illuminating travel experiences that combine the extraordinary natural surroundings with science and discovery. Enjoy a vibrant program of expert-led talks, workshops, shore visits and Zodiac cruises, covering topics from polar science (including glaciology and marine biology) to the big-picture questions about life, the universe, and what it means to be human. Designed for curious minds who want to travel with kindred spirits.

Polar Bears in the Changing Arctic: In Partnership with New Scientist Discovery Tours

Svalbard Archipelago | 8 Days

Embark on an unforgettable adventure to the Arctic, a land of awe-inspiring beauty and untamed wilderness. Focusing on the largest island of the Svalbard archipelago, we slice through pack ice to find walrus and bearded seals, and sail along spectacular fjords surrounded by jagged mountains that pierce the sky. June is a prime time to witness the Arctic's vibrant wildlife in action. Marvel at a plethora of species on land and at sea, from arctic fox and polar bears, to marine giants like humpback and fin whales returning from their tropical wintering grounds. As ice retreats, the tundra blooms and towering cliffs echo with millions of nesting seabirds – a truly unforgettable natural spectacle. Whether you are traveling solo, as a couple or with friends, you will share this adventure with like-minded individuals who cherish the wonders of nature and science.

HIGHLIGHTS

- Travel with like-minded people who love to connect with the natural world and the wonder of science
- You will have the opportunity to participate in New Scientist-led workshops
- Keep an eye out for majestic polar bears on pack ice
- Discover the thrill of seeing arctic wildlife, like walrus, reindeer and arctic fox
- See towering cliffs teeming with birdlife, including guillemots and puffins
- Enjoy thrilling Zodiac cruises along blue glacier fronts and through stunning fjords
- Enjoy tundra hikes amid stunning scenery without seeing another soul

DATES

Start/Finish	Duration	Dates	Voyage Code	Type of Voyage
Oslo/Oslo	8 Days	03 Jun '27–10 Jun '27	SPI003S	Fly/Fly

Voyage Codes: G = *Greg Mortimer* | S = *Sylvia Earle*

Charter flights between Oslo and Longyearbyen are included.

OVERVIEW

1 Arrive in Oslo for an overnight stay.

2 Fly to Longyearbyen for embarkation.

3–7

Spitsbergen is the largest island in the Svalbard archipelago and offers arctic wilderness at its best. Phenomenal fjords, magnificent mountain ranges, and a polar desert rich in fossils set the stage for heroic tales of early exploration. See walrus hauled out on sea ice or beaches, stretch your legs on tundra walks carpeted in brightly colored wildflowers, and visit towering cliffs noisy with nesting guillemots and puffins. This expedition has been thoughtfully designed and includes a mix of activities, such as expert-led talks, engaging workshops and exhilarating Zodiac cruise safaris. You will be accompanied by New Scientist's specialists and other engaging speakers, along with the highly knowledgeable and supportive Expedition Team. Learn about topics, including glaciology, botany, marine biology and the history of polar exploration, deepening your connection to this remote and rugged archipelago. If you've chosen an optional activity such as kayaking, you'll have the chance to enjoy it when conditions allow. For those eager to take a polar plunge, once conditions are suitable, you'll hear the call to prepare for an exhilarating dip – a memory to savor for years to come.

8 Disembark in Longyearbyen and fly to Oslo.

Iceland & East Greenland: Through the Lens

Iceland & East Greenland | 11 Days

An exploration crafted for the discerning eye, this one-of-a-kind photography voyage unveils the dramatic landscapes of East Greenland and Iceland's Westfjords. A land where colossal icebergs calve from glaciers into deep fjords, East Greenland offers unparalleled opportunities to capture the raw power of nature. Witness the dance of light as kittiwakes, arctic terns and glaucous gulls dive amid the sculptural ice – a photographer's dream! In Scoresbysund, the world's largest fjord system, photograph icebergs drifting serenely against the vibrant autumnal flora, while keeping your lens ready for arctic hare, musk oxen, and the camouflaged ptarmigan. True photographic exploration awaits at every turn.

HIGHLIGHTS

- Capture the golden-hour glow across East Greenland's fjords, where monumental icebergs and mirror-like waters create dreamlike compositions at every turn
- Marvel at the ancient geology of East Greenland, where mountains are painted in stripes by nature's brush and fjords are surrounded by walls of various shades of pink, orange and purple
- Keep a close watch for the unmistakable blow of whales as they surface to breathe, and perhaps the mesmerizing sight of a tail fluke as it takes a deep dive
- Learn about the history and culture of the Inuit, who have inhabited this region for centuries
- Frame the power and beauty of the Dynjandi waterfalls using long exposures and moody Icelandic skies to create dramatic, textured shots that tell a story

DATES

Start/Finish	Duration	Dates	Voyage Code	Type of Voyage
Reykjavik/Reykjavik	11 Days	31 Jul '27–10 Aug '27	IGR001S	Sail

Voyage Codes: G = Greg Mortimer | S = Sylvia Earle

OVERVIEW

1 Arrive in Reykjavik for an overnight stay.

2 Embarkation.

3 Begin your photographic journey with a wet landing at the spectacular Dynjandi waterfalls, one of the Westfjords' most iconic natural wonders. Cascading 100 meters (328 feet) down a series of tiered cliffs, Dynjandi offers stunning opportunities for landscape photography; think silky long exposures of flowing water, sweeping shots of the surrounding fjord, and close-up textures of moss-covered rocks. With Iceland's moody skies and crisp arctic light, this location is a dream for photographers.

4–10 Cross the Denmark Strait to East Greenland, where colossal icebergs, jagged peaks and serene fjords create an unparalleled canvas for photography. Cruise through Scoresbysund, the world's largest fjord system, and explore remote arms like Kong Oskar and Kaiser Franz Josef fjords. Each day offers new compositions: reflections on glassy waters, glacial textures and a vast tundra painted in autumn hues. Wildlife encounters may include musk oxen, arctic hare, seabirds and seals, while Zodiac cruises offer up-close perspectives of drifting ice and towering cliffs. Visit the isolated community of Ittoqqortoormiit to capture cultural scenes and local life in one of the world's most remote villages. Golden-hour light and expert guidance from onboard photographers ensure unforgettable images and creative growth each day.

11 Disembark in Reykjavik.

[You can view the full itinerary on our website.](#)

Scotland, Iceland, Norway & the Faroe Islands

Full of breathtaking fjords, magnificent coastlines and dramatic beauty – these are landscapes that capture the imagination and lift the soul. Experience seabird-speckled cliffs, towering sea-stacks, lava-strewn fields, calving glaciers, and perhaps even the spectacular natural phenomenon of the aurora borealis.

Zodiac-cruising, Iceland © J Lafferty

The itinerary and the routes shown on the map are guides only and are subject to change due to weather, sea state and other conditions beyond our control.

HIGHLIGHTS

- Marvel at thundering waterfalls, lava fields and landscape shaped by volcanic activity
- Stretch your legs on hikes that offer sweeping views of deep, remote fjords and valleys below
- Explore the bird cliffs at Látrabjarg, home to a large colony of nesting puffins
- Marvel at the series of cascades at the dramatic and powerful Dynjandi waterfalls
- Hike on Vigur Island and get close to rare arctic birdlife

Iceland: Into the Westfjords

Iceland | 7 Days

Geologically, Iceland is one of the youngest countries on earth. It's a land of spectacular geology that is rich in wildlife, culture and human history. On this voyage, you'll explore Westfjords, one of the most remote and pristine regions in Iceland, ideal for nature hikes and bird and whale viewing. Discover diverse landscapes, including thundering waterfalls, lava fields that breathe steam, and verdant valleys that stretch beyond the horizon. Atlantic puffins can be found in large numbers in Iceland, and you'll have many opportunities to encounter these charismatic birds nesting in their burrows.

OVERVIEW

- 1–2 Arrive in Reykjavik and overnight. Embarkation.
- 3 Explore the Westfjords region featuring outstanding landscapes with jaw-dropping views of fjords carved by ancient glaciers. Visit Látrabjarg bird cliffs and Dynjandi waterfalls.
- 4 Explore Thingeyri, and choose an excursion that suits you.
- 5 On Vigur Island, birdwatchers can try and tick a few species off their lists, while others can enjoy walks and whale watching from the shore. Explore Ísafjörður on foot in the afternoon.
- 6 Explore the Snæfellsnes Peninsula, gateway to Snæfellsjökull National Park.
- 7 Disembark in Reykjavik.

Wild Scotland

Hebrides, Orkney Islands & Shetland Islands | 12 Days

Scotland, a land of rugged beauty, ancient lore and warm hospitality, beckons you to explore its enchanting archipelago. Journey through time, as you discover the wild isles that have captivated hearts and minds for millennia. From the windswept Hebrides, where the first settlers arrived over 8,000 years ago, to the verdant Orkney Islands, steeped in the mysteries of Neolithic and Viking civilizations, this voyage is a portal to a bygone world. Sail through pristine waters in a Zodiac, surrounded by the majesty of sea-sculpted coastlines, and keep a watchful eye for dolphins, seals and the enigmatic basking shark.

OVERVIEW

- 1 Arrive in Edinburgh and overnight stay.
- 2 Transfer to Troon for embarkation.
- 3–4 Inner Hebrides: Iona, Staffa, the Isle of Eigg and the Cuillin Hills.
- 5–7 Outer Hebrides and the Orkney Islands: Lewis, St Kilda and Papa Westray.
- 8–10 Shetland Islands: Fair Isle, Lerwick, Mousa Broch, Jarlshof Prehistoric and Norse Settlement and the Isle of Noss.
- 11 Kirkwall, Orkney Islands: choose an excursion that suits you.
- 12 Disembark in Aberdeen.

Historic Trails & Wilderness: Scotland, Faroes & Iceland

Scotland, the Faroes & Iceland | 13 Days

Encompassing some of the wildest, most rugged outliers of the North Atlantic Ocean and Iceland, this distinctive voyage offers a fascinating journey through time. Discover the captivating archaeological sites of Jarlshof, teeming bird cliffs at Fair Isle, and the Faroe Islands’ dramatic landscapes, shaped by millennia of ocean and wind. Then forge northwards to Iceland, one of the most geologically active places on earth, where snow-capped peaks tower above vast glaciers, and active volcanoes rumble beneath the surface, a constant reminder of the planet’s raw power.

OVERVIEW

- 1–2 Arrive in Aberdeen and overnight. Embarkation.
- 3 Fair Isle, Shetland Islands.
- 4 Norse Settlement of Jarlshof, Isle of Noss.
- 5 Hermaness National Nature Reserve.
- 6 Vágur, Sandoy, The Faroe Islands.
- 7 Tórshavn, Streymoy.
- 8 Runavík, Eysturoy.
- 9 At sea.
- 10 Seyðisfjörður, Iceland.
- 11 Vatnajökull National Park and Jökulsárlón.
- 12–13 Westman Islands. Disembark in Reykjavik.

The itinerary featured is based on the 2026 departure. You can view the full itinerary on our website.

Paddling

Northern Lights Explorer

Norwegian Coast, Jan Mayen, East Greenland & Iceland | 16–18 Days

Imagine standing on deck as nature paints a celestial masterpiece across the night sky. This is your invitation to embark on an extraordinary journey to witness one of the world's most breathtaking natural phenomena – the northern lights. Our expedition is meticulously designed to maximize your chances of encountering this elusive wonder. Sail through the heart of the Arctic, where the aurora borealis often paints vibrant hues of green, pink and purple across the inky canvas of the polar night. As we navigate through stunning landscapes, our expert Expedition Team will share fascinating insights into this phenomenon, helping you understand the science and mythology behind this awe-inspiring light show. Beyond the aurora, this voyage offers a wealth of exploration. Discover the magic of remote Arctic towns, encounter fascinating wildlife and immerse yourself in the region's rich cultural heritage. Whether you're an avid adventurer or simply seeking a tranquil escape, this Arctic odyssey promises to be a truly unforgettable experience. Let the allure of the northern lights guide you.

HIGHLIGHTS

- Sail in the prime region for encountering the natural phenomenon of the dazzling aurora borealis
- Discover the largest fjord system in the world at Scoresbysund, a superb place to photograph icebergs
- Hike among the splendid scenery of Iceland's remote Westfjords, where you rarely see another soul
- Visit the dramatic and powerful Dynjandi waterfalls in the wild Westfjords of Iceland
- Hike Haukland Beach in Norway, a paradise and wildlife haven with its pearly white sands and sapphire waters, embraced by lush greenery and towering peaks
- Marvel at the black sands, colossal rock formations and volcanic landscapes of the Snæfellsnes Peninsula
- Sail to Jan Mayen, home to the northernmost active volcano in the world
- On Vigur Island, birdwatchers can tick a few species off their lists, while others can enjoy walks and Icelandic cake

OVERVIEW

- 1–2 Arrive in Tromsø and overnight. Tromsø is the main gateway to experiencing the spectacular northern lights in Norway. Embarkation.
- 3 Explore Senja and Ånderdalen National Park. Choose from a range of excursions that suit your fitness and interests.
- 4 We make our way to the stunning Lofoten Islands. This is a land scoured by ice and legend, the towering crags with their sharp edges standing in silent protection of the villages below.
- 5 From Leknes, traverse the scenic vistas of Lofoten to Reine, and marvel at majestic mountain peaks and expansive fertile lands that once set the stage for Viking sagas. Hike Haukland Beach.
- 6–7 Enjoy the crossing to Jan Mayen accompanied by seabirds as we search for whales.
- 8 Look for whales and dolphins and marvel at impressive glaciers in Jan Mayen.
- 9–13 In the coming days, a host of choices are available to us, and depending on conditions, the east coast of Greenland is ours to explore.
- 14 Cross the Denmark Strait to Iceland.
- 15 Delight in lively cultural scenes and abundant outdoor activities in Ísafjörður. On Vigur Island, birdwatchers can try and tick a few species off their lists, while others can enjoy walks.
- 16 Discover Thingeyri, a quaint village nestled in one of Iceland's most picturesque fjords. Visit the dramatic and powerful Dynjandi waterfalls.
- 17 Explore the Snæfellsnes Peninsula, an area of diverse landscapes characterised by lava fields and the stunning Snæfellsjökull glacier.
- 18 Disembark in Reykjavik.

[The itinerary featured is based on the 2026 departure. You can view the full itinerary on our website.](#)

Costa Rica, Panama, Indonesia & Borneo

Explore the tropical and biodiverse regions of Costa Rica and Panama, hiking through rainforests, capturing shots of vibrant wildlife, immersing in local cultures and snorkeling in some of the most exciting marine environments in the world.

Soak up vibrant cultures and unparalleled natural beauty, from the hidden gems of Indonesia's coastlines to Borneo's verdant jungles. Immerse yourself in crystal-clear waters as you explore a tapestry of islands, each offering unique treasures to uncover. Discover ancient Javanese temples, learn about colonial history, marvel at extraordinary biodiversity and encounter iconic wildlife along the way.

Natural Treasures of Costa Rica

Costa Rica | 7 Days

Costa Rica, meaning 'rich coast', is a nature lover's paradise. While it is a small country, Costa Rica contains approximately six per cent of the world's biodiversity. The country has environmental conservation policies in place – roughly a quarter of the country is made up of protected jungle – and we are incredibly fortunate to explore the region on land and sea. We hope to observe the unique wildlife, including a number of indigenous birds and animals such as marbled wood quails, hummingbirds, toucans, spider monkeys, iguanas, sloths, and perhaps the rare and endangered scarlet macaw.

OVERVIEW

- 1 Arrive in San José for an overnight stay.

- 2 Transfer to Puntarenas for embarkation.

- 3 Marvel at the incredible wildlife of Manuel Antonio National Park, the smallest national park in Costa Rica.

- 4 Explore Punta Rio Claro National Wildlife Refuge on the Osa Peninsula, considered one of the most biologically intense places on earth.

- 5 Hike through the forests around Punta Leona and spot the unique wildlife that call this home.

- 6 Hike the trails at Curú Wildlife Refuge and in the afternoon visit Isla Tortuga.

- 7 Disembark in Puntarenas and transfer to San José.

[You can view the full itinerary on our website.](#)

Komodo dragon, Indonesia

In the Wake of Wallace: Indonesia & Borneo

Raja Ampat, Indonesia, Central Kalimantan & Singapore | 16 Days

Embark on an extraordinary voyage across the heart of the Indonesian archipelago to Singapore, a region of unparalleled natural beauty and rich cultural heritage. This 16-day expedition invites you to explore a tapestry of islands, each offering unique treasures to discover. From the pristine waters of Raja Ampat, to the exotic creatures at Wakatobi National Park and the orangutan of Central Kalimantan, this journey promises a fusion of adventure, culture and wildlife experiences. Traverse the mythical Wallace Line, an invisible boundary used to mark the difference between species found in Australia and South-East Asia. Marvel at the unique biodiversity that flourishes in either region, a testament to the archipelago's extraordinary geographical history. This expedition will immerse you in local cultures, bring you face to face with iconic wildlife and reveal the raw beauty of nature. Prepare to be captivated by the diversity and charm of Indonesia, a land where every island holds a story waiting to be discovered.

HIGHLIGHTS

- Explore the stunning underwater world of Misool, renowned for its pristine coral reefs
- Experience Buru Island's rich culture, vibrant reefs, and lush mangroves on an island adventure
- Dive into the biodiversity of Wakatobi National Park and experience vibrant marine life
- Discover Taka Bonerate's vibrant reefs, diverse marine life, and join hands in meaningful conservation efforts
- Hike Komodo Island, home to the iconic Komodo dragon, and relax on the famous Pink Beach
- Create an unforgettable memory in Saleh Bay, where we hope to share the water with majestic whale sharks
- Embark on a jungle adventure in Central Kalimantan, exploring the unique ecosystem of Borneo and visiting orangutan rehabilitation centers
- Explore Belitung's granite boulders, rich culture and warm island welcome
- For kayakers, snorkellers and divers, this expedition is a dream come true. With its pristine marine environment, it's a destination you'll never forget

Our Small Ships

We proudly operate a fleet of three state-of-the-art, purpose-built ships designed for exploration. Each uses the latest advances in design and technology, creating a revolutionary small-ship experience.

Our dedication to offering exceptional voyages to small groups means traveling with no more than 130 passengers to the polar regions.

Sylvia Earle, Home Bay, Canada © R Mackintosh

Small Ships, Big Adventure

Our Ships' Namesakes

The *Greg Mortimer* honors our founder, legendary explorer and mountaineer Greg Mortimer OAM. The *Sylvia Earle* is named after leading conservationist, marine biologist and oceanographer Dr Sylvia Earle, who was the first person selected as 'Hero for the Planet' by *Time* magazine and is one of the greatest advocates for protecting the world's oceans. Our newest ship, *Douglas Mawson*, is named after Sir Douglas Mawson, a legendary Australian explorer and geologist who was a key expedition leader during the Heroic Age of Antarctic Exploration.

Intimately Sized Yet Hugely Innovative

Venturing to the farthest reaches of the planet, our small ships are able to navigate where others can't, allowing for unparalleled up-close encounters with nature. The Ulstein X-BOW® makes sailing smoother and faster, and is built to leave the marine environment undisturbed.

The Perfect Base Camp For Adventure

On board, we offer everything you need to maximize your comfort and relaxation. While these brilliantly designed ships could be a destination in themselves, our primary focus is on showing you the wonders of the outside world through expansive windows, multiple observation decks, and an array of expedition equipment so you can venture off-ship into the local environment as much as possible.

Our Onboard Experience

Staterooms Designed For Maximum Comfort

Feel at home in the comfort of our spacious and well-appointed staterooms or suites. Choose from a range of configurations and features to suit every traveler, with dedicated single cabins across all our ships.

Every stateroom or suite features an ocean view and nearly all include balconies. Beautifully appointed, they showcase a simple, neutral color palette taking inspiration from nature. They are designed to ensure your onboard comfort and even include heated bathroom floors for travel in the polar regions.

Relaxed & Friendly Dining Options

Dine and meet new friends in our informal restaurants, enjoying our responsibly sourced farm-to-table food offerings. Our general dining room offers buffet-style breakfast and lunch, and an à la carte dinner service, with chefs crafting different menu options for each meal. We also have speciality restaurants on our ships, which feature a unique dining menu, including the *Greg Mortimer's* 'Tuscan Grill' and the *Sylvia Earle's* 'Rockhopper' restaurants.

For early risers, don't miss out on our pastries, coffee and tea in the lecture theater. Plus, try the latest cocktails and share drinks with newfound friends at one of our bars, with multiple locations, including the observation deck as well as the brand-new pool bar on the *Douglas Mawson*.

Go Solo

Our social and welcoming atmosphere on our small ships makes for an ideal experience for solo travelers. To support your solo travel adventures, we offer 10 dedicated solo cabins on every sailing, with no single supplement.

Exploration in Comfort

Our Onboard Amenities

Our onboard amenities create an ideal base camp for adventure and discovery. The atmosphere on our ships is intimate and relaxed, so you can mingle with like-minded travelers and make new friends – whether you are enjoying extraordinary views on deck or indulging in our wellness spaces.

VIEW the incredible landscapes and wildlife through floor-to-ceiling windows that face every direction. Find a spot on the vast outside decks, or the dedicated observation areas. Aboard the *Greg Mortimer*, we also have unique viewing platforms that extend out either side of the ship, so you can get close to the real show outside.

LEARN from our knowledgeable and highly experienced Expedition Team and Guides in our lecture theater or citizen science spaces.

ENJOY welcome drinks with the Captain and Guides.

INDULGE IN WELLNESS spaces such as the gym, sauna and Jacuzzis.

UNWIND in our wellness center aboard the *Greg Mortimer* or *Sylvia Earle*, enjoying a facial treatment or massage (additional costs apply).

TAKE A DIP in our swimming pools aboard the *Sylvia Earle* and *Douglas Mawson*.

STAY HYDRATED with our complimentary reusable water bottles (on request) and water refilling stations throughout the ship.

RELAX and unwind in the comfort of our well-stocked library.

GET READY for adventure in our mudroom and our unique activity prep area, with individual lockers for all your complimentary expedition gear and equipment.

STAY CONNECTED with complimentary access to Starlink wi-fi.
