The Tauck Difference in Small Ship Cruising

Culturally Inspired

Destination focused, our culturally inspired cruises fuel your clients' imaginations with uniquely authentic experiences that capture the true essence of the places they are visiting. Our cruises to North America, Europe, Japan, and more, indulge their passion for personal discovery on a choice of included shore excursions with local experts.

Expeditionary Cruises

Designed for up-close exploration of wildlife-rich shores, our expeditionary cruises unveil seldom-seen worlds. Your clients will journey aboard specially designed ships in tropical waters and glacial seas, with exhilarating adventures by land and sea. Each expedition is guided by expert naturalists, enriching every experience.

Distinctively Inclusive

Everything your clients need to enjoy the best of land and sea is included on our small ship cruises. One up-front price includes the services of our expert Tauck Directors, premier hotels, all shore excursions, fine dining, airport transfers, cultural experiences and more. Even luggage handling and gratuities are included for them.

Small is Big

Smaller ships mean bigger experiences, both onboard and ashore. Averaging just 200 guests, our small ship cruises offer a more personalized, attentive experience. And with access to ports larger ships can't reach, your clients will enjoy fewer crowds and more carefree exploration in every destination.
