SEABOURN CONVERSATIONS

The art of conversation has always been central to the Seabourn experience.

Our voyages attract interesting, interested people – people who enjoy talking together, sharing their interests, their adventures and discoveries, and their life stories with long time and newfound friends. Their enthusiasms and curiosity are far-ranging, and these are what spark their desire to travel the world. Award winning Journalists, New York Times best selling Authors and highly acclaimed writers share their journey on our ships. They each bring skilled presentations of their expertise for guests to enjoy. But just as importantly, they participate in the daily social scene, sharing meals, adventures ashore and casual chats throughout the voyage. On some ships, they lecture. On Seabourn, they join the conversation.

Here we highlight just a few of the best selling Authors who sail with us.
